book is for you if you already have the basic skills of trading if you are familiar with the basic terminology and if you have a minimum of manual skills in opening and closing trading transactions This is not for you if you start completely from scratch In this case as I mentioned above I advise you to first read my best seller Trading From Zero to Trader Are you ready BUY NOW **Technical Analysis of Stocks and Commodities** ,2007 **Growing the Money Tree** John Svazic,2013-06 It s about time a book about investing and foreign exchange is honest with its readers Most books on the market today be they about stocks commodities foreign exchange Forex or just investing in general often lead the reader to believe that in a few short steps they too can make millions with little to no effort Unfortunately this is rarely true but the true crime is the lack of goal setting within the pages of these other books Growing The Money Tree is different it does not aim to make the reader a millionaire but rather shows them why they don t need to be a millionaire to be happy Financial freedom is a lot closer than people may realize and Growing The Money Tree aspires to show the reader how close they really are Growing The Money Tree covers budgeting goal setting income analysis a gentle introduction to the Forex market and the author s own tale of how he started trading the Forex his trials and tribulations and how he came to understand the concept of growing my own money tree The book includes some trading strategies that the author has developed over the years using a form of artificial intelligence known as genetic algorithms for those interested in a more advanced approach The book wasn t written to make millionaires it was written to share the author s experiences from trading the Forex over the past 12 years in order to show that through diversification and some simple money management people can find financial freedom much sooner Some testimonials the book has received include I m not an experienced trader but this book has a very interesting approach to teaching you about Forex trading especially if you re into programming I loved how the author first goes through a 20 day trading example instead of just showing you how to read charts and interpret indicators from them to later go through the idea of using Genetic Algorithms to automate trading He even gives an example using code to better understand these types of algorithms Apart from that he doesn t try to sell you anything and reminds you that you should never invest everything into a single thing ie diversify your money finally telling you a little bit about how he began trading and what rookie mistakes you should avoid Definitely worth a read Ian M Growing the Money Tree is more than a book about FOREX It s an introduction to investing in your financial future As a new FOREX investor I appreciated the well rounded approach though there are other books that go deeper into specific subjects I liked the melding of the FOREX market and algorithmic trading which I have not seen in other books I did feel that the book had a Canadian perspective though that did not interfere with the contents of the book I especially liked the 20 Days of Trading which confirmed I was on the right track with my own experiences Scott S By reading Growing The Money Tree today you get one step closer to realizing your own financial freedom by coming to terms with how close it actually is The dream of vast wealth is still an amicable one but finding happiness by breaking the work cycle can be found before this wealth is achieved Growing The Money Tree is not a get rich quick scheme nor does it promise

vast amounts of wealth Instead it focuses on coming to terms with monthly expenses investment diversification foreign exchange trading and a touch of artificial intelligence for the curious By including a few chapters about the author s own personal journey he offers an insight to those who are new to the idea of taking control of their investments and help them avoid the trials he faced himself both financially and psychologically over the past 12 years Happy growing

Growing the Money Tree John Svazic,2013-05 It s about time a book about investing and foreign exchange is honest with its readers Most books on the market today be they about stocks commodities foreign exchange Forex or just investing in general often lead the reader to believe that in a few short steps they to can make millions with little to no effort Unfortunately this is rarely true but the true crime is the lack of goal setting within the pages of these other books Growing The Money Tree is different it does not aim to make the reader a millionaire but rather shows them why they don t need to be a millionaire to be happy Financial freedom is a lot closer than people may realize and Growing The Money Tree aspires to show the reader how close they really are Growing The Money Tree covers budgeting goal setting income analysis a gentle introduction to the Forex market and the author s own tale of how he started trading the Forex his trials and tribulations and how he came to understand the concept of growing my own money tree The book includes some trading strategies that the author has developed over the years using a form of artificial intelligence known as genetic algorithms for those interested in a more advanced approach The book wasn t written to make millionaires it was written to share the author s experiences from trading the Forex over the past 12 years in order to show that through diversification and some simple money management people can find financial freedom much sooner Some testimonials the book has received include I m not an experienced trader but this book has a very interesting approach to teaching you about Forex trading especially if you re into programming I loved how the author first goes through a 20 day trading example instead of just showing you how to read charts and interpret indicators from them to later go through the idea of using Genetic Algorithms to automate trading He even gives an example using code to better understand these types of algorithms Apart from that he doesn t try to sell you anything and reminds you that you should never invest everything into a single thing ie diversify your money finally telling you a little bit about how he began trading and what rookie mistakes you should avoid Definitely worth a read Ian M Growing the Money Tree is more than a book about FOREX It s an introduction to investing in your financial future As a new FOREX investor I appreciated the well rounded approach though there are other books that go deeper into specific subjects I liked the melding of the FOREX market and algorithmic trading which I have not seen in other books I did feel that the book had a Canadian perspective though that did not interfere with the contents of the book I especially liked the 20 Days of Trading which confirmed I was on the right track with my own experiences Scott S By reading Growing The Money Tree today you get one step closer to realizing your own financial freedom by coming to terms with how close it actually is The dream of vast wealth is still an amicable one but finding happiness by breaking the work cycle can be found before this wealth is achieved

Growing The Money Tree is not a get rich quick scheme nor does it promise vast amounts of wealth. Instead it focuses on coming to terms with monthly expenses, investment diversification, foreign exchange trading, and a touch of artificial intelligence for the curious. By including a few chapters about the author's own personal journey, he offers an insight to those who are new to the idea of taking control of their investments and help them avoid the trials he faced himself both financially and psychologically over the past 12 years.
