

# OUR FREEDOM TO THRIVE

2024 ELECTION GUIDE FOR VOTERS  
FROM THE NORTH CAROLINA BUDGET & TAX CENTER

No matter who you are or where you live, most people in North Carolina want the freedom to prosper and be able to care for our families.

As we vote for our elected leaders this year, North Carolinians have an opportunity to make clear what we want for our communities: **policies that ensure corporations and the wealthiest few pay what they owe through taxes, so we can fund a bright future for all.**

By showing up together this election, we can ensure each one of us has the freedom to take care of our families, pursue our dreams, and have a good life — no exceptions.

*Using the Internet in Election Offices* David H. Maidenbergl,1998      **Law and Society in the South** John W. Wertheimer,2021-12-14 Law and Society in the South reconstructs eight pivotal legal disputes heard in North Carolina courts between the 1830s and the 1970s and examines some of the most controversial issues of southern history including white supremacy and race relations the teaching of evolution in public schools and Prohibition Finally the book explores the various ways in which law and society interacted in the South during the civil rights era The voices of racial minorities some urging integration others opposing it grew more audible within the legal system during this time Law and Society in the South divulges the true nature of the courts as the unpredictable venues of intense battles between southerners as they endured dramatic changes in their governing values      *Election Administration Reports* ,2000      **The National Union Catalog, Pre-1956 Imprints** Library of Congress,American Library Association. Cooper,2024-10-09 North Carolina represents a perfect distillation of the promise and peril of modern American democracy hyperpartisanship gerrymandering dissatisfaction with the two party system the urban rural divide these issues are all brought into sharp relief in the Tar Heel State For that reason North Carolina politics and government are increasingly of interest not just to North Carolina citizens but to journalists political observers and people across the country Political scientist Christopher A Cooper to whom the national media go when they need a quote about North Carolina politics offers a primer made for all people no matter their political leanings Readers will be introduced to everything that has made North Carolina the most purple of purple states from the state constitution and the influence of think tanks to the growing racial diversity of the state and the limitations on the governor s power By explaining how we came to be in the political situation we are in Cooper shows us where we might go next And as many have said As North Carolina goes so goes the nation      **Borderlines and Borderlands** Alexander C. Diener,Joshua Hagen,2010-01-16 From our earliest schooldays we are shown the world as a colorful collage of countries each defined by their own immutable borders What we often don t realize is that every political boundary was created by people No political border is more natural or real than another yet some international borders make no apparent sense at all While focusing on some of these unusual border shapes this fascinating book highlights the important truth that all borders even those that appear normal are social constructions In an era where the continued relevance of the nation state is being questioned and where transnationalism is

altering the degree to which borders effectively demarcate spaces of belonging the contributors argue that this point is vital to our understanding of the world The unique and compelling histories of some of the world s oddest borders provide an ideal context for this group of experts to offer accessible and enlightening discussions of cultural globalization economic integration international migration imperialism postcolonialism global terrorism nationalism and supranationalism Each author s regional expertise enriches a textured account of the historical context in which these borders came into existence as well as their historical and ongoing influence on the people and states they bound To view more maps from the David Rumsey Map Collection visit [www.davidrumsey.com](http://www.davidrumsey.com) Contributions by Eric D Carter Karen Culcasi Alexander C Diener Joshua Hagen Reece Jones Robert Lloyd Nick Megoran Julian V Minghi David Newman Robert Ostergren and William C Rowe
