The Diary Between Silences (English version) Gabriel Moises Sevilla Rosales,2025-11-27 English version From his childhood Daniel discovered that talking could become an impossible mountain to climb While other children threw words to the wind without thinking he was caught between cut sounds impatient looks and laughter that hurt more than silences Every syllable was a battle every sentence a marathon But in the midst of that noise from others Daniel found refuge in writing In her notebook far from mockery her voice flowed freely honestly without stumbling That diary which began as a simple school notebook became his confidant his refuge his most sincere mirror The Diary Between Silences narrates the journey of a soul that learns to speak not from the tongue but from the heart Through the years Daniel faces ridicule rejection loneliness and self doubt but he also discovers the transformative power of perseverance Little by little with stumbles and falls he achieves the unthinkable turn his weakness into his greatest strength As an adult working as a telemarketer Daniel turns his voice the one that used to tremble into his most powerful tool Every call every customer every word spoken with effort becomes a victory over your past Her story is not only a chronicle of overcoming but an invitation to look at the defects with love to accept the wounds and to understand that the most authentic voices are not the perfect ones but the true ones The Diary Between Silences is a realistic and emotional story that reminds us that there is no greater triumph than daring to speak out when the world expects you to be silent It is a hymn to resilience authenticity and the power of the written word as a path to inner freedom This book was created with the assistance of artificial intelligence ChatGPT and edited by the author to ensure originality and coherence

The Complete Works of John Milton: Volume VII, 2025-07-03 John Milton's Latin Defences are landmark texts in the history of English Civil War and Interregnum polemics. Part of Oxford University Press's authoritative Complete Works of John Milton, this is the first edition of the Latin Defences to be edited to modern standards of scholarship together with new translations into English which feature in easy to read facing pages. It offers a rich exploration of the publishing history of these works and contextualises them in the political exchanges and republican thought of the mid-seventeenth century. The annotations are especially alert to Milton's controversial engagement with the writings of his adversaries and to his careful alignment of his tracts with the diplomatic objectives of the republican governments of the 1650s.
