**Lowside of the Road** Barney Hoskyns,2010-05-11 With his trademark growl carnival madman persona haunting music and unforgettable lyrics Tom Waits is one of the most revered and critically acclaimed singer songwriters alive today After beginning his career on the margins of the 1970s Los Angeles rock scene Waits has spent the last thirty years carving out a place for himself among such greats as Bob Dylan and Neil Young Like them he is a chameleonic survivor who has achieved long term success while retaining cult credibility and outsider mystique But although his songs can seem deeply personal and somewhat autobiographical fans still know very little about the man himself Notoriously private Waits has consistently and deliberately blurred the line between fact and fiction public and private personas until it has become impossible to delineate between truth and self fabricated legend *Lowside of the Road* is the first serious biography to cut through the myths and make sense of the life and career of this beloved icon Barney Hoskyns has gained unprecedented access to Waits s inner circle and also draws on interviews he has done with Waits over the years Spanning his extraordinary forty year career from *Closing Time* to *Orphans* from his perilous jazzbo years in 1970s LA to such shape shifting albums as *Swordfishtrombones* and *Rain Dogs* to the Grammy Award winners of recent years this definitive biography charts Waits s life and art step by step album by album Barney Hoskyns has written a rock biography much like the subject himself unlike any other It is a unique take on one of rock s great enigmas      **The Fall of the Four** Matthew Kim,2022-12-11 Inspired by the video game

*RimWorld* Marooned on an alien world isn t something Proxi ever imagined for himself Yet that is his reality as the Urbworld drifter is thrust upon the pristine landscape of a world long since terraformed and forgotten Saddled with an eclectic group of fellow survivors the strangers all managed to escape their rapidly deteriorating transport vessel as it had been passing nearby A transport vessel that abruptly met its end when it came under siege by a mysterious force wielding impressive weaponry the likes of which Proxi had never thought possible No longer strangers they quickly discover that to survive they need to work together despite their opinions of each other Thrust into this new life now a colonist on the frontier of civilized space they quickly learn that they must adapt Each of them must develop existing skills and learn new ones if they re all going to make it off the strange world that is their new home However it s not so simple Threats and dangers are everywhere the crashlanded survivors are constantly tested and no one is safe Will they survive Will they escape Or will they fall
