How to Take Care of the Baby Francis Tweddell,1915 **Baby Care Manual** ,1959 *First-Time Parent* Roland Goltra,2021-04-05

Adulting is hard all on its own but tack on a baby and there are days when being a grown up will seem downright impossible Let s be honest most parents worry about whether their baby is developing normally or not so wouldn t you rather have some of the secrets to good parenting before you need them rather than having someone else point out something you ve missed I was given a book similar to this prior to the birth of my first child and I found it invaluable during those times when I was unsure about something that just didn t seem quite right with my baby and it was reassuring to have on hand to know when things were going right with her It s like having your very own baby instruction manual for those situations when you need information in a hurry
