Babysat Diapers Regression And Age Play:

The Forever Regression Of Tania (diaper version) Rosalie Bent, Michael Bent, 2025-07-25 Lara and Tania were a happy childless by choice couple in their 30s enjoying a prosperous and friend-filled life. Then one day Tania hit her head hard during a netball match and was unconscious for hours. Both of their lives were about to change dramatically. **The Regression**

Trilogy Barry Oliver, 2021-02-19 Barry Oliver's three-part Regression Trilogy is a fabulous story of a very special DayCare centre, Buttons and Blocks, where most but not all of the clients are adults who have been regressed to infants and toddlers. Danger, intrigue, and adventure find each of our protagonists as we learn more about the mysterious technology that can give what adult babies have always wanted: physical regression to infancy. But is it all that we would hope for? The three books are *The Rehab Regression*, *The Daycare Regression*, and *The Reporter Regression*. **The Reporter Regression** Barry

Oliver, 2020-12-10 Tim Lansing is a reporter running for his life. After exposing the powerful Mansford mafia family and nearly but not quite sending its leader Julius Mansford to prison, Mr Lansing must run from town to town, barely a step ahead of his hunters. Tim's latest move lands him in the small college town of Centerville, home to a drug rehabilitation center called Forever Free. The last thing Tim wants is to draw attention to himself, but the investigative reporter in him cannot resist looking into stories of missing persons last seen admitted to Forever Free. He expects to find the center does not offer a 100% cure as advertised, but rather the missing clients have returned to their drug use and either died or moved away. The rehab Director, Donald Miles, however, has other plans for the meddling reporter and decides to make a therapeutic intervention. Tim wakes up one day in the body of a 15-month-old baby, a toddler with the charming nickname of Timmy Turtle, living at a daycare center, Buttons Blocks. Life in diapers, pacifiers, bottles, and cribs is quite a radical change for the 35-year-old reporter, but Tim decides to play along until he can figure out just what the heck happened to him, an event he has no memory of. Through careful observation and well-placed questions, Tim is able to determine the relation between Forever Free and Buttons Blocks: they are transforming adult drug addicts into infants and toddlers with little or no memory of their previous lives. Tim is able to play along that is until he is introduced to a lovely family that wants to adopt him. He decides it is time to escape. But there is a problem. Assuming Tim can figure out how to return to his adult self, he will immediately be hunted by the mafia again. Does he risk a life on the run that will ultimately end in his murder, or does he choose the life of Timmy Turtle with two great parents and adoring siblings? Forces beyond his control will force Tim to take action, and neither Tim's life nor the world of Buttons Blocks will ever be the same again. **Adult Babies: Psychology and Practices** Michael Bent, Rosalie

Bent, 2020-10-31 The world of the Adult Baby can appear bizarre and incomprehensible to many from the outside looking in. Even to Adult Babies themselves, the powerful drives and confusing needs can be a struggle to manage. In the Bent's second major work on the topic, this book dissects the psychological structure of Adult Infantile Regression and seeks to answer many of the seemingly unanswerable questions such as why are people attracted to diapers, where did this all come from, and

what do I do about this This book is designed not just for Adult Babies themselves but also family friends partners and therapists who want to simply understand what is going on There is a lot more to Adult Babies than diapers and pacifiers Read this book to learn more
