Elia Antonio, Emilia Korkea-aho, Oana Stefan, 2021-03-25 This volume analyses for the first time in European studies the impact that non legally binding material otherwise known as soft law has on national courts and administration The study is founded on empirical work undertaken by the European Network of Soft Law Research SoLaR across ten EU Member States in competition policy financial regulation environmental protection and social policy The book demonstrates that soft law is taken into consideration at the national level and it clarifies the extent to which soft law can have legal and practical effects
