

Letters of Support

When requested, letters of support can be very influential in determining whether or not your project/program is worthy of funding. Most letters have three parts: an opening statement that identifies the project/program where funds are being sought, one or two middle paragraphs that indicate the relationship of the writer to the effort seeking funding, and a closing statement.

Be sure all your supporters address the same person at the same address. Additionally, all supporters must have the correct proposal details such as title of grant program, title of your project, etc. Lastly, be sure all letters are completed in the proper style with the proper, original signature.

Example Letter of Support:
