Craft Lessons Ralph Fletcher, JoAnn Portalupi, 2023-10-10 Since its publication in 1998 *Craft Lessons* has become a staple in the writing classroom of both new and experienced teachers. Authors Ralph Fletcher and JoAnn Portalupi recognized the need for a succinct resource and teamed together to write the second edition of *Craft Lessons Teaching Writing K-8 Teachers*. Pressed for time, will appreciate the practical lessons and instructional language geared to three grade level groupings: K-2, 3-4, and 5-8. This edition includes 17 brand new lessons, mini lessons designed from teachers' comments about what is observed students writing. Revisions to other craft lessons and the resource materials sections have been expanded. New ways to approach teaching using elements of craft and the reading/writing connection. A subject index to find specific craft lessons with ease. The authors' thoughts about how craft lessons fit into their newest thinking about the qualities of writing: Ideas, Design, Language, and Presentation. The 95 lessons in this book provide a wealth of information for teaching leads, character endings, stronger verbs, and much more. This new edition reestablishes *Craft Lessons* as the crucial desert island book for harried writing teachers everywhere.

Activities for Building Character and Social-Emotional Learning Grades 6-8

Katia S. Petersen, 2012-04-25 Build attitudes of respect and caring, reduce problem behaviors, empower students to solve problems, and educate the whole child with this flexible, user-friendly activity guide. The lessons' literature-based connections allow teachers to build in, rather than add on, social/emotional learning (SEL) throughout the day. Field-tested in classrooms across the United States, these activities, when fully implemented, have resulted in improved school climate, greater parent engagement, increased academic achievement, and reduction in discipline referrals. Features of the book include 100 easy-to-implement, year-round activities that integrate into the daily curriculum in all subject areas; monthly themes focused on empathy, bullying prevention, teamwork, decision making, and more; concise lesson formats: Read, Discuss, Do, Relate, Discussion, and writing prompts; built-in assessments. Digital content includes all of the book's reproducible forms.

Literacy Essentials Regie Routman, 2023-10-10 In her practical and inspirational book *Literacy Essentials: Engagement, Excellence, and Equity for All Learners*, author Regie Routman guides K-12 teachers to create a trusting, intellectual, and equitable classroom culture that allows all learners to thrive as self-directed readers, writers, thinkers, and responsible citizens. Over the course of three sections, Routman provides numerous "Take Action" ideas for implementing authentic and responsive teaching, assessing and learning. This book poses a key question: How do we rise to the challenge of providing an engaging, excellent, equitable education for all learners, including those from high poverty and underserved schools? *Teaching for Engagement*. Many high-performing schools are characterized by a thriving school culture built on a network of authentic communication. Teachers can strengthen classroom engagement by building a trusting and welcoming environment where all students can have a safe and collaborative space to grow and develop. *Pursuing Excellence*. Routman identifies 10 key factors that describe an excellent teacher, ranging from intellectual curiosity to creativity, and explains how carrying yourself as a role model

contributes to an inclusive caring empathic and fair classroom She also stresses the importance for school leaders to make job embedded professional development a top priority Dismantling Unequal Education The huge gap in the quality of education in high vs low income communities is the civil rights issue of the 21st century according to Routman She spells out specific actions educators can take to create more equitable schools and classrooms such as diversifying texts used in curriculums and ensuring all students have access to opportunities to discuss reflect and engage with important ideas From the author I wrote Literacy Essentials because I saw a need to simplify teaching raise expectations and make expert teaching possible for all of us I saw a need to emphasize how a school culture of kindness trust respect and curiosity is essential to any lasting achievement I saw a need to demonstrate and discuss how and why the beliefs actions knowledge we hold determine the potential for many of our students Equal opportunity to learn depends on a culture of engagement and equity which under lies a relentless pursuit of excellence
