And teacher friendly resources throughout all phases of instruction gives you leeway if you wish to adjust the integration of these skills to the needs of a particular individual, group or class. Contextualized vocabulary, identifiable contexts remain consistent throughout the practice, testing and recycling phases of learning. Future chapters build on vocabulary and grammar from previous ones. In Journalisme and Littérature students are encouraged to stretch their vocabularies in order to get as much meaning as possible from these authentic and unsimplified selections. Thorough contextualized presentation of grammar is found in two of the seven sections in each chapter. Grammar runs concurrent with and is embedded in the chapter long situational themes. Students are presented with French structure both directly as grammar and as a set of useful functions that will aid them in communication. An integrated approach to culture for true competence in a foreign language must include the attainment of the culture in which the language is spoken.
