The book covers the entire research process from formulating research questions to analyzing data and presenting findings with a particular focus on navigating the complexities of AI and social media integration. While numbers and statistics can be daunting to students, integrating statistical methods with traditional approaches allows for more robust research projects and impactful findings. Augmenting quantitative and qualitative methods with the latest digital tools and resources. Strategic Communication Research in the Age of AI is an accessible guide to researching traditional and social media, public relations, advertising, and marketing communication. Features Comprehensive Coverage The book addresses all essential elements of strategic communication research, including research design, methodologies, quantitative, qualitative, experimental, content analysis, data collection, and analysis, including AI tools, statistical analysis, descriptive and inferential, and ethical considerations. Focus on AI and Social Media It emphasizes the growing role of AI and social media in communication research, providing practical guidance on leveraging these tools for research tasks like data collection, sampling, analysis, and presentation. Student-Friendly Approach The book is designed for students with clear explanations, step-by-step examples, chapter summaries, and key questions to reinforce understanding. It incorporates real-world scenarios and case studies to illustrate research concepts in action. Strong Foundation in Statistics Dedicated chapters introduce both descriptive and inferential statistics, explaining key concepts and formulas relevant to strategic communication research. Focus on Writing and Presentation The book provides clear guidelines for writing research papers in APA style, including structure, citation techniques, and best practices for presenting research findings. It highlights the importance of clear communication and effective presentation in the digital age. Instructor Resources Lecture slides and test materials are available on the publisher's website.

Reference and Instructional Services for Information Literacy Skills in School Libraries Scott Lanning, 2014-05-28 Students need to be able to distinguish good information from bad. This book gives you the tools to transmit those essential skills to your students. Being an effective school librarian requires acting as an active instructional partner, an advocate for information literacy and information resources, and a reference librarian. Now in its third edition, this concise book provides you with a solid foundation in providing reference services to students as well as teachers. It details all aspects of providing essential reference services in the context of the AASL Standards, the Common Core State Standards, and the evolving role of today's school librarian. Author Scott Lanning emphasizes service and instruction while addressing topics such as inquiry, critical thinking, building core reference skills, electronic and Web resources, leadership skills, and virtual reference services. The book begins with chapters that discuss information and the information-seeking process. The following sections cover the provision of reference services, methods for teaching

information literacy the use of electronic resources in general and the creation of library resources that support reference and instruction The text concludes with an assessment of the value of reference and instruction services to the school and beyond
