**Dishonor Everywhere, But Who Cares??????** E. Dixon Curtis E. Dixon,Curtis E. Dixon,2010-02 A decorated Vietnam veteran scholar and father Curtis E Dixon hoped to live a comfortable fulfilling life in his hometown of Winston Salem North Carolina For nineteen years he performed managerial and operational duties within and outside his area of expertise in an outstanding manner with the City But false and degrading comments from Deputy City Manager John P Bond changed his career forever Dishonor Everywhere But Who Cares is the frightening true story of how one man s honor and reputation was systematically destroyed through the spiteful actions of a select group of individuals In a tangled mixture of discrimination racism and office politics Dixon filed a grievance against his employer Reeling from daily harassment that affected his health Dixon had no recourse but to file a lawsuit against the city When the case went to trial in 1984 Dixon was confident the truth would be revealed Unfortunately the media refused to cover the Dixon trials and deals were made outside of the courtroom that negatively affected the outcome Dixon s case was eventually dismissed by all levels of the federal and state judicial systems except the state appeals court level After the above City Manager Stuart terminated Dixon s employment with the city in 1989 citing the same types of false reasons that were used throughout his court proceedings Dishonor Everywhere But Who Cares tells Dixon s side of the story warts and all and Reveals a corrupt web of betrayal from elected officials and a large cast of Dixon s neighbors co workers and fellow citizens Dixon s candor reveals a determination to set the record straight and to finally let the truth speak for itself *The Geography of Good and Evil* Andreas Kinneging,2023-04-04 Do

good and evil exist Absolutely In this bracing book the eminent Dutch philosopher Andreas Kinneging turns fashionable thinking on its head revealing how good and evil are objective universal and unchanging and how they must be rediscovered in our age In mapping the geography of good and evil Kinneging reclaims and reintroduces us to the great tradition of ancient and Christian thought Traditional wisdom enables us to address the eternal questions of good and evil that confront us in both public and private life Though it is common to accept uncritically the blessings of modernity and its intellectual sources the Enlightenment and Romanticism Kinneging shows that traditional thinking is richer and more realistic Indeed we see how in more than a few respects the Enlightenment and Romanticism brought not progress but deterioration Kinneging skillfully reformulates and defends the insights of traditional thinking for today s readers demonstrating how an objective morality is to be understood and how we can know what morality demands of us At a time when the traditional virtues have practically disappeared from our language that is all but one tolerance he lays out the foundations of virtue and vice Ultimately Kinneging reveals the lasting significance of these seemingly archaic notions to our own lives to our families to our culture and to civilization This profound award winning work establishes Andreas Kinneging as one of our wisest moral philosophers

*Sons of the Gods, Children of Earth* Peter Wires Rose,1992 In this ambitious and venturesome book Peter W Rose applies the insights of Marxist theory to a number of central Greek literary and philosophical texts He explores major points in the trajectory from Homer to Plato where the ideology of inherited excellence beliefs about descent from gods or heroes is elaborated and challenged Rose offers subtle and penetrating new readings of Homer s Iliad and Odyssey Pindar s Tenth Pythian Ode Aeschylus s Oresteia Sophokles Philoktetes and Plato s Republic Rose rejects the view of art as a mere reflection of social and political reality a view that is characteristic not only of most Marxist but of most historically oriented treatments of classical literature He applies instead a Marxian hermeneutic derived from the work of the Frankfurt School and Fredric Jameson His readings focus on illuminating a politics of form within the text while responding to historically specific social political and economic realities Each work he asserts both reflects contemporary conflicts over wealth power and gender roles and constitutes an attempt to transcend the status quo by projecting an ideal community Following Marx Rose maintains that critical engagement with the limitations of

the utopian dreams of the past is the only means to the realization of freedom in the present Classicists and their students literary theorists philosophers comparatists and Marxist critics will find Sons of the Gods Children of Earth challenging reading     **The Secret Vow; Or, The Power of Woman's Hate** Ned Buntline,1870     The Australasian Journal of Psychology and Philosophy ,1926
