

Review Unit 6 – Bonding

I. Bond Types: Fill in the table to show the basics of bond types.

Bond	Type of atoms involved	Electrons transferred or shared?	Type of Compound formed	What holds the bond together?
Ionic	M/N	Trans	Ionic Polar	e- transfer, electrostatic forces
Covalent	N/N	Shared	Covalent Polar and Nonpolar	Sharing of e-
Metallic	M	Shared	Alloys	Sharing of e-

II. Short Answer:

- Why are some covalent bonds polar? **Higher electronegative atoms unequally share the electrons in the bond.**
- Which of the following compounds express polarity? To which element are the compounds polar too?
 - H₂O **Yes O**
 - HF **Yes F**
 - CCl₄ **No**
 - CO₂ **Yes O**
- What are Binary Acids? List 4 and include the formula for each. **Binary acids consist of H and another element. HF HCl HI HBr**
- What are Tertiary Acids? List 4 and include the formula for each. **Tertiary Acids include H and a polyatomic ion in most cases. HNO₃, HClO₃, HPO₄, and H₂SO₃**
- How does electronegativity relate to the strength of an acid? **The higher the electronegativity the greater the strength of the acid.**
- Is it possible for a bond to be partially ionic? Explain. **No, only whole electrons are transferred in an ionic bond resulting in a definite charge.**
- What is an ion? How does it form? **An ion is a charged atom that forms from the gain or loss of electrons.**
- What is a polyatomic ion? What kind of bond holds the atoms in a polyatomic ion together? **A polyatomic ion is a charged, covalently bonded molecule that combines with a metal to form an ionic compound.**
- Show the electron configuration for each of the atoms below and the configuration for the ion as well.
 - Ca

Weygandt, Paul D. Kimmel, Donald E. Kieso, 2012-01-11 These are the Working Papers to accompany Financial Accounting 8th Edition Financial Accounting 8th Edition by Weygandt Kimmel Kieso provides students with a clear introduction to financial accounting that is full of real world and relevant examples to students lives The Team for Success authors understand where students struggle in this course and have developed a learning system that illustrates the accounting cycle and key transactions while giving them the tools to apply their learning through sample exercises throughout the chapter By expanding coverage of IFRS this edition keeps students at the forefront of global issues that impact their future careers in business and accounting **Accounting Principles, Study Guide** | Jerry J. Weygandt, Paul D. Kimmel, Donald E.

Kieso, 2010-09-21 Weygandt s Accounting Principles introduces challenging accounting concepts with examples that are familiar to accountants The new edition has been updated with the latest IFRS IASB standards Additional coverage is included on foreign currency translation and LCM More discussions focus on risk management as a result of the financial crisis The examples also emphasize current examples in order to help accountants make the connection to their everyday lives Financial Accounting, Study Guide Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2010-01-12 Weygandt helps corporate managers see the relevance of accounting in their everyday lives Challenging accounting concepts are introduced with examples that are familiar to them which helps build motivation to learn the material Accounting issues are also placed within the context of marketing management IT and finance The new Do It feature reinforces the basics by providing quick hitting examples of brief exercises The chapters also incorporate the All About You AAY feature as well as the Accounting Across the Organization AAO boxes that highlight the impact of accounting concepts With these features corporate managers

will learn the concepts and understand how to effectively apply them *Financial Management* Timothy J.

Gallagher,2022-03-13 Those who advocate the traditional maximize shareholder value goal of the firm will find that position clearly presented in the 9th edition in addition to critical arguments for and against it Those who advocate a multiple stakeholder approach will see that view fairly presented as well in addition to the criticisms of this approach The financial effect of the world wide COVID pandemic is examined in this 9th edition Both shareholder capitalism and stakeholder capitalism are critically evaluated Should a company's impact on climate change be considered when corporate decisions are made If so is this a matter of self interest a desire to also consider the interests of stakeholders who are not shareholders of the firm or both The 9th edition addresses these questions There are special forms of business organization that have an explicit social welfare purpose We covered the state chartered benefit corporation and B Lab certified corporation in 8e In 9e the low profit limited liability company L3C has been added Business schools everywhere are emphasizing in their marketing communications their contributions to society Perhaps your business school has communicated about sustainable business practices and the triple bottom line of profit people and planet Finance is a discipline that has not been a significant part of these conversations It is our view that finance needs to take part but in a way that is true to our discipline Ignoring these issues as most books in this market do is not the answer **Financial Straight Talk** Dee Mosier,2010-09-07 Your 1 goal

should be to have money for retirement We all want the finer things in life we are a society obsessed with instant gratification However all of your decisions the financial ones at least should be primarily based on both your future and your retirement With this as an overall theme this book will walk you down the road to retirement providing you with options and choices that are most appropriate for your particular situation No one said the road would be easy but do not worry we will face those speed bumps head on and we will do it together The best time to start planning for retirement is now A significant change in the last 20 years is the position of global investments In 1990 75 percent of investment opportunities were in the United States and 25 percent in other places around the world Currently it is almost the opposite with about 75 percent of the opportunities outside the United States The U S is still the 1 financial leader in the world Japan is 2 In 2010 China overtook Germany to become 3 We need to recognize that other countries are maturing and we want to make sure you have considered all investment opportunities that exist By the end of this book you will be comfortable enough to make your own decisions regarding your investments If you are not it will allow you to be comfortable asking any financial consultant the right questions This book is about giving you new tools So we brought in Morningstar to enable you to evaluate your options and introduced a global perspective to help you maximize potential returns Think of it this way if this were your favorite coffee blend with all the right ingredients you would want a refill **An Introduction to Chemistry** Michael Mosher,Paul

Kelter,2023-03-18 This textbook is written to thoroughly cover the topic of introductory chemistry in detail with specific references to examples of topics in common or everyday life It provides a major overview of topics typically found in first year

chemistry courses in the USA The textbook is written in a conversational question based format with a well defined problem solving strategy and presented in a way to encourage readers to think like a chemist and to think outside of the box Numerous examples are presented in every chapter to aid students and provide helpful self learning tools The topics are arranged throughout the textbook in a traditional approach to the subject with the primary audience being undergraduate students and advanced high school students of chemistry
