Dac Report For Cdl Drivers:

NEW TO OTR Chris Aragon,2014-03-14 Chris Aragon provides a direct somewhat cynical and slightly gruff look at the everyday tasks and responsibilities of being an Over The Road Truck Driver as an employee of a very large trucking company Hollywood has always painted the public picture of what yesterday s trucker looked like but Chris s hard toned look at the modern and highly regulated Commercial Drivers License paints a much different picture With Road Safety at the center Chris attempts to explain some of the complexity that is today s Trucking Industry for the Non Owner Operator of the 18 Wheeler Culture From the starting point of obtaining a Class A Commercial Driver s License to the day to day dealings with company management to the suggestions for comfort while out on a national tour Chris lays his no nonsense approach out in a raw sense without the hidden meanings tucked in the folds In Chris s previous full career as a Corrections Officer Sergeant in a maximum security setting he developed a Funny Frowned Face as opposed to a poker face in communicating his thoughts Chris often jokes about his Grumpy Personality with many of his friends and family and he hopes that the raw and pungent outlay doesn t protrude itself as overly provocative to any reader *Commercial Carrier Journal* ,2000 Pirates of the Highway Bruce T. Pelletier,2023-03-06 Take a fantastic voyage across the United States of America through the eyes of a madman behind an 18 wheeler as we witness history unfold in each page of excitement That s right folks the Evil Genius from Chicago has traveled on the dusty roads of Winnemucca Nevada to the I 5 and I 95 highways Some people dream of being an over the road driver but not all dreams are good ones and being alone was the hardest part of this career There are some history lessons inside each chapter as well and soon the trucking industry will be a thing of the past So grab a seat and lock yourself in for the ride of your life because our culture is about to be canceled for good **How To Become a Truck Driver** HowExpert,Bruce Stimson,2016-09-23 Let s talk about the money most truck drivers can expect to earn 30 000 40 000 in their 1st year I know some drivers who work as Solo drivers and decide to give up their apartments so they can stay in the truck all year long and save money They still take days off from time to time and stay with friends family or rent a hotel for a few days so they can take a break Once you have 6 months experience you may be able to find a job that pays more money I ve seen motivated drivers earning in the 60 000 range in their 1st year The money is there to earn if you look for it Too many drivers get complacent and they stay with the same company in the same position making low wages for years and years Sometimes all you need to do to increase your income is switch positions within the company If the company you work for doesn t offer anything that will take you to the next level then find another company that will I know a Walmart driver who earns 100 000 year and he s home every night and weekend Companies pay you in cents per mile CPM so the more mileage you drive the more you earn The bottom line is company drivers can make anywhere from 30 000 to around 100 000 per year Stay away from company lease options 99% of the time only the company does well with this type of position They will make their lease program sound perfect touting how you will be your own boss and make lots of money Drivers often find

themselves making just enough to cover the WEEKLY truck lease payment If you want to truly be your own boss as a owner operator of your own truck then save up the money to buy a used truck cash or you may be able to find a 3rd party not company sponsored lease program I have seen a couple of decent 3rd party lease programs these will allow you to contract with any company you want So if you re not making enough money with one company then you can easily switch to another Owner operators can make anywhere from 50 000 250 000 per year About the Expert I have been driving a truck full time for over 4 years at the time of this publishing I have been a company driver for 3 of those years and an owner operator for a bit over one In the 4 years that I ve been driving I have spent one year driving most of the lower 48 states I haven t made it up to North Carolina and a few other states in the northeast but all of the others I have For the last two years I have been truck driving with my team from Los Angeles to the Kansas City area and back We did that twice a week After doing that for about a year I was able to get a driving position working nights and being home every day I did that for almost year I left there because the company did a pathetic job of maintaining their equipment I was afraid of getting stopped by law enforcement So I left them and got my own truck to take care of Now I am contracted with a carrier to move their freight and it works out a lot better HowExpert publishes quick how to guides on all topics from A to Z by everyday experts
