**By: William D. Howells** William Dean Howells, 2017-06-28 Dr Breen's Practice is a novel one of the earlier works by American author and literary critic William Dean Howells Houghton Mifflin originally published the novel in 1881 in both Boston and New York Howells wrote in the realist style creating a faithful representation of the commonplace and in this case describing everyday mannerisms that embody the daily lives of middle class people PLOT The story takes place in the late 19th century at Jocelyn's hotel on the beach outside of Newport Rhode Island and is told through the voice of a third person narrator At the hotel croquet court we meet a sickly woman named Louise Maynard and her physician Dr Grace Breen Breen is a graduate of the New York homeopathic school who has become a doctor to make a difference and prove her worth as a woman She is cool toward men because the love of her life ran off with her best friend When Mr Libby an old friend of Mrs Maynard's asks her to go sailing Dr Breen insists it will be bad for her health but Mrs Maynard goes anyway The weather takes a turn for the worst and the boat capsizes in the bitter waters Mrs Maynard blames Dr Breen for allowing her to go out into the storm After this incident Mrs Maynard's condition worsens and she trusts Dr Breen even less than she did before She requests a consultation from a male doctor so Dr Breen decides to contact Dr Rufus Mulbridge a local allopathic physician Miss Gleason another woman staying at the hotel insists that Dr Breen is the best option for Mrs Maynard and that if she calls for a consultation from Dr Mulbridge she will be making it harder for female physicians to act without a man's assistance When Dr Breen arrives at Dr Mulbridge's office the reader sees that while he has an established place of business she works and lives at a hotel and while he has many patients she only treats one woman After relinquishing Mrs Maynard's case to Dr Mulbridge Dr Breen assumes the role of nurse under his instruction He diagnoses Mrs Maynard with pneumonia Dr Breen telegraphs Mr Maynard who is out in Wyoming working on a ranch telling him of his wife's condition 1 Mr Libby and Dr Breen take a boat ride to New Leyden to receive a telegraph from Mr Maynard Mr Libby professes his love for Dr Breen In spite of his mother's disdain of the professional woman Dr Mulbridge also professes his love for Dr Breen and proposes to her However since he doesn't believe in women's rights or women being able to take men's positions in the world and he is a mannerless oaf Mrs Mulbridge correctly predicts that she will reject him When Mr Maynard arrives at Jocelyn's he suggests that Dr Breen and Mrs Maynard come out to Wyoming to live with him where Dr Breen could have her own practice However she decides that she wasted her time training to become a doctor and that she would rather go to the opera ballets and eventually travel to Italy She professes her love to Mr Libby and they walk down the beach in the moonlight together Dr Mulbridge comes back to Jocelyn's to again ask Dr Breen to marry him but she is now an engaged woman Grace goes on to marry Mr Libby and they live in southern New Hampshire near his mills While Mr Libby works at

the mills Dr Breen indulges herself by going to plays and shows in Boston but she also decides to continue practicing medicine William Dean Howells March 1 1837 May 11 1920 was an American realist novelist literary critic and playwright nicknamed The Dean of American Letters He was particularly known for his tenure as editor of The Atlantic Monthly as well as for his own prolific writings including the Christmas story Christmas Every Day and the novels The Rise of Silas Lapham and A Traveler from Altruria *Doctor Breen's Practice - Scholar's Choice Edition* William Dean Howells,2015-02-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Doctor Breen's Practice** William D. Scheick,2021-05-11 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise

literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison s and Piercy s works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women s voices are profoundly reshaping American literary tradition Catalogue of the Raffles Library, Singapore, 1900 Singapore,1905

**Working Women in American Literature, 1865-1950** Miriam S. Gogol,2020-07-07 Working Women in American Literature 1865 1950 consists of eight original essays by literary historical and multicultural critics on the subject of working women in late nineteenth to mid twentieth century American literature The volume examines how the American working woman has been presented misrepresented and underrepresented in American realistic and naturalistic literature 1865 1930 and by later authors influenced by realism and naturalism Points explored include the historical vocational realities of working women e g factory workers seamstresses maids teachers writers prostitutes etc the distortions in literary representations of female work the ways in which these representations still inform the lives of working women today and new perspectives from queer theory immigrant studies and race and class analyses These essays draw on current feminist thought while remaining mindful of the historicity of the context The essayists discuss important women writers of the period for instance Ellen Glasgow Charlotte Perkins Gilman Rachel Crothers Willa Cather and the understudied Ann Petry as well as canonical writers like Theodore Dreiser Henry James and William Dean Howells The discussions touch on a variety of literary and artistic genres novels short stories other forms of fiction biographies dramas and films In the introductory essay and throughout the collection the term working women in the United States is deconstructed the historical and cultural definitions of work and the words work in America are redefined through the lens of genders
