 A psychological novel written before the phrase psychological novel existed *Crime and Punishment* is widely regarded as
 Dostoyevsky s masterpiece establishing his reputation as a powerful and influential novelist Against the backdrop of the
 oppressive heat and smell of summer in St Petersburg and in the shadow of religious faith Dostoyevsky explores complex
 themes of alienation criminal psychology guilt nihilism expiation atonement and what might today be considered narcissistic
 personality disorder and in an earlier time might have been called megalomania Convinced that superior people like himself
 are above the law Raskolnikov believes that he could make much better use of an old woman s wealth and decides he is
 entitled to rob her When the robbery goes horribly wrong Raskolnikov begins to doubt his superiority and his growing guilt
 and a cat and mouse game that ensues with Porfiry Petrovich the shrewd police investigator drives him further into isolation
 and despair Focusing on the psychological punishment Raskolnikov suffers as a result of his crime Dostoyevsky suggests that
 true rehabilitation can come only through atonement and redemption regardless of any punishment meted out by the
 authorities Like Dickens in England Dostoyevsky was embraced by the masses about whom he wrote and to whom he spoke
 despite criticism by contemporary experts who found his subject matter unsuitable for literature and his work lacking in style
 and technical merit And like Dickens Dostoyevsky has become an inextricable part of the culture of his country and the
