## POSTMODERNISM

Post Modernism is a literary, artistic, theatrical, social and philosophical movement labelled in the 1970's following what was believed to be the collapse of Modernist thought and their attempts to find a singular universal TRUTH lamenting the loss of rational meaning and coherence.

It's a mind-set, not necessarily a style... Think Lady Gaga.... Gwen Stefani... creating their own persona/image through creative use of diverse styles.

Post Modernism **RESISTS** classification or definition by its very nature because it resists the TRUTH that Modernism sought to create, by subverting and challenging a single truth

Postmodernism layers different ideas on top of one another in the hopes of creating new meaning for the audience or **MULTIPLE TRUTHS**.

Often the audience must make its own decision on their own meaning... No answers are given but many questions are raised. **MULTIPLE PERSPECTIVES, MULTIPLE WAYS OF EXPLORING IDEAS, MULTIPLE WAYS OF CREATING NEW MEANING**.

Modernist thought tried to categorise and classify different ideas, art forms and cultures into hierarchical structures to search for the greater TRUTH through a particular stylistic approach – Expressionism, Theatre of Cruelty, Naturalism, Realism, Surrealism, Poor Theatre (Grotowski), Dadaism (think about the ISMS that you explored in Term 4...)

**Routledge Companion to Audiences and the Performing Arts** Matthew Reason, Lynne Conner, Katya Johanson, Ben Walmsley, 2022-04-05 The Routledge Companion to Audiences and the Performing Arts represents a truly multi dimensional exploration of the inter relationships between audiences and performance This study considers audiences contextually and historically through both qualitative and quantitative empirical research and places them within appropriate philosophical and socio cultural discourses Ultimately the collection marks the point where audiences have become central and essential not just to the act of performance itself but also to theatre dance opera music and performance studies as academic disciplines This Companion will be of great interest to academics researchers and postgraduates as well as to theatre dance opera and music practitioners and performing arts organisations and stakeholders involved in educational activities

*The Palgrave Handbook of Disabled Children's Childhood Studies* Katherine Runswick-Cole, Tillie Curran, Kirsty Liddiard, 2017-11-05  
Disabled children's lives have often been discussed through medical concepts of disability rather than concepts of childhood Western understandings of childhood have defined disabled children against child development norms and have provided the rationale for segregated or special welfare and education provision In contrast disabled children's childhood studies begins with the view that studies of children's impairment are not studies of their childhoods Disabled children's childhood studies demands ethical research practices that position disabled children and young people at the centre of the inquiry outside of the shadow of perceived norms The Palgrave Handbook of Disabled Children's Childhood Studies will be of interest to students and scholars across a range of disciplines as well as practitioners in health education social work and youth work

**The Dark Theatre** Alan Read, 2020-04-07 The Dark Theatre is an indispensable text for activist communities wondering what theatre might have to do with their futures students and scholars across Theatre and Performance Studies Urban Studies Cultural Studies Political Economy and Social Ecology The Dark Theatre returns to the bankrupted warehouse in Hope Sufferance Wharf in London's Docklands where Alan Read worked through the 1980s to identify a four decade interregnum of cultural cruelty wreaked by financialisation austerity and communicative capitalism Between the OPEC Oil Embargo and the first screening of *The Family* in 1974 to the United Nations report on UK poverty and the fire at Grenfell Tower in 2017 this volume becomes a book about loss In the harsh light of such loss is there an alternative to the market that profits from peddling well being and pushes prescriptions for self help any role for the arts that is not an apologia for injustice What if culture were not the solution but the problem when it comes to the mitigation of grief Creativity not the remedy but the symptom of a structural malaise called inequality Read suggests performance is no longer a political panacea for the precarious subject but a loss adjustor measuring damages suffered compensations due wrongs that demand to be put right These field notes from a fire sale are a call for angry arts of advocacy representing those abandoned as the detritus of cultural authority second order victims whose crime is to have appealed for help from those looking on audiences of sorts
