Carry Me Home:

Carry Me Home John M. Del Vecchio, 2013-02-18 In this powerful and poignant epic Del Vecchio transports the soldiers of the Viet Nam experience to their final battlefield the home front High Meadow Farm in the fertile hill country of central Pennsylvania would be their salvation In Viet Nam they had fought side by side brothers in arms Now in the face of personal tragedy and bureaucratic deception they would create a more enduring allegiance an alliance of the spirit and the soil Carry Me Home is the remarkable story of their struggle to find each other and themselves a saga spanning fifteen years fifteen years lost in a wilderness called America In its scope breadth and brilliance Carry Me Home is much more than a novel about Viet Nam and Viet Nam veterans It is a testament to history and hope to hometowns and homecomings to love and loss to faith and family It is a novel about two decades in our collective lives and the cleansing of our spirit an inspiring and unforgettable novel about America itself In this final installment of his trilogy about America's war in Southeast Asia The 13th Valley For the Sake of All Living Things Del Vecchio focuses on veterans who returned home in the late 60s only to find themselves viewed largely as lepers the overall purpose of his powerful proletarian art demands such detail to underscore his characters pain and for a few uplifting recovery Publishers Weekly Carry Me Home completes a trilogy begun by The 13th Valley and deals much like James Jones Some Came Running with veterans trying to adapt to civilian life in the end they gain a frightening power from Del Vecchio's accretion of utterly authentic detail And Wapinski at least comes to a hard earned redemption through the example of one fine old man and a beautiful communitarian idea Booklist Arresting searing and shattering the most eloquent novel ever to examine the American Viet Nam veteran and his return home to a nation that had failed him International Review

Carry Me Home Diane McWhorter, 2001-06-29 Now with a new afterword the Pulitzer Prize winning dramatic account of the civil rights era's climactic battle in Birmingham as the movement led by Martin Luther King Jr brought down the institutions of segregation The Year of Birmingham 1963 was a cataclysmic turning point in America's long civil rights struggle Child demonstrators faced down police dogs and fire hoses in huge nonviolent marches against segregation Ku Klux Klansmen retaliated by bombing the Sixteenth Street Baptist Church killing four young black girls Diane McWhorter daughter of a prominent Birmingham family weaves together police and FBI records archival documents interviews with black activists and Klansmen and personal memories into an extraordinary narrative of the personalities and events that brought about America's second emancipation In a new afterword reporting last encounters with hero Reverend Fred Shuttlesworth and describing the current drastic anti immigration laws in Alabama the author demonstrates that Alabama remains a civil rights crucible

The "Most Segregated City in America" Charles E. Connerly, 2013-07-04 One of Planetizen's Top Ten Books of 2006 But for Birmingham Fred Shuttlesworth recalled President John F Kennedy saying in

June 1963 when he invited black leaders to meet with him we would not be here today Birmingham is well known for its civil rights history particularly for the violent white on black bombings that occurred there in the 1960s resulting in the city's nickname Bombingham What is less well known about Birmingham's racial history however is the extent to which early city planning decisions influenced and prompted the city's civil rights protests The first book length work to analyze this connection The Most Segregated City in America City Planning and Civil Rights in Birmingham 1920-1980 uncovers the impact of Birmingham's urban planning decisions on its black communities and reveals how these decisions led directly to the civil rights movement Spanning over sixty years Charles E Connerly's study begins in the 1920s when Birmingham used urban planning as an excuse to implement racial zoning laws pointedly sidestepping the 1917 U S Supreme Court Buchanan v Warley decision that had struck down racial zoning The result of this obstruction was the South's longest standing racial zoning law which lasted from 1926 to 1951 when it was redeclared unconstitutional by the U S Supreme Court Despite the fact that African Americans constituted at least 38 percent of Birmingham's residents they faced drastic limitations to their freedom to choose where to live When in the 1940s they rebelled by attempting to purchase homes in off limit areas their efforts were labeled as a challenge to city planning resulting in government and court interventions that became violent More than fifty bombings ensued between 1947 and 1966 becoming nationally publicized only in 1963 when four black girls were killed in the bombing of the Sixteenth Street Baptist Church Connerly effectively uses Birmingham's history as an example to argue the importance of recognizing the link that exists between city planning and civil rights His demonstration of how Birmingham's race based planning legacy led to the confrontations that culminated in the city's struggle for civil rights provides a fresh lens on the history and future of urban planning and its relation to race
