Thuesen,2020-04-01 One of the earliest sources of humanity s religious impulse was severe weather which ancient peoples attributed to the wrath of storm gods Enlightenment thinkers derided such beliefs as superstition and predicted they would pass away as humans became more scientifically and theologically sophisticated But in America scientific and theological hubris came face to face with the tornado nature s most violent windstorm Striking the United States more than any other nation tornadoes have consistently defied scientists efforts to unlock their secrets Meteorologists now acknowledge that even the most powerful computers will likely never be able to predict a tornado s precise path Similarly tornadoes have repeatedly brought Americans to the outer limits of theology drawing them into the vortex of such mysteries as how to reconcile suffering with a loving God and whether there is underlying purpose or randomness in the universe In this groundbreaking history Peter Thuesen captures the harrowing drama of tornadoes as clergy theologians meteorologists and ordinary citizens struggle to make sense of these death dealing tempests He argues that in the tornado Americans experience something that is at once culturally peculiar the indigenous storm of the national imagination and religiously primal the sense of awe before an unpredictable and mysterious power He also shows that in an era of climate change the weather raises the issue of society s complicity in natural disasters In the whirlwind Americans confront the question of their own destiny how much is self determined and how much is beyond human understanding or control Supplement to Who's who in America ,1987 *American Craft* ,2000 **Art Museum :** **Sophie Calle, Louise Lawler, Richard Misrach, Diane Neumaier, Richard Ross, Thomas Struth** Trudy Wilner Stack,1995 Artwork by Sophie Calle Louise Lawler Text by Trudy Wilner Stack *Who's who in America* ,2003 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 ,2000 **Margins** Tom Montag,1975 A review of little magazines small press books *Who's who of Emerging Leaders in America* ,1993 *Scholars of Early Modern Studies* ,1994
