CHRYSLER BASE SPACERS ON EMISSIONS RESTRICTED

BMW is happy to announce that we now have the approval of the Environmental Protection Agency for the use of Chrysler Base Spacers on BMW models manufactured after January 1, 1978. This approval means that Chrysler Base Spacers can now be installed on all emissions controlled models to reduce compression and allow the use of leaded regular gasoline.

For complete information on compression reduction, see BMW Service Information Issue 11 009 78.

Yours very truly,
