One Book/Five Ways Association of American University Presses, 1994-05-02. A testament to the ingenuity of scholarly presses, *One Book Five Ways* is a fascinating experiment in comparative publishing. This book records the history of a single manuscript entitled *No Time for Houseplants*, submitted to five different university presses: Chicago, MIT, North Carolina, Texas, and Toronto, and then actually published by the University of Oklahoma Press. Each of the five model publishers agreed to treat the book as a real project, accepted for publication, and to compile a log of procedures they followed. These logs include correspondence, budgets, forms, layouts, and specifications, providing an insider's look at the path a manuscript takes through the various departments of each press, from editorial to marketing. With a new Foreword discussing changes in publishing since 1978 and an Afterword commenting on the actual publication of *No Time for Houseplants*, *One Book Five Ways* is a unique educational tool for anyone interested in the publishing process.
