Reading for Understanding Ruth Schoenbach, Cynthia Greenleaf, Lynn Murphy, 2012-07-03 As elegantly practical as it is theoretically elegant It is a guided tour as one examines the tools of expert teachers as they engage students in a journey that is aptly dubbed Reading Apprenticeship learning how to become a savvy strategic reader under the tutelage of thoughtful caring and demanding teachers P David Pearson University of California Berkeley and founding editor of the Handbook of Reading Research Reading for Understanding is a monumental achievement It was a monumental achievement when it came out as a first edition in 1999 bringing years of rigorous reading research together in a framework for teaching that made sense in actual secondary school classrooms Now just thirteen years later Schoenbach and Greenleaf have several randomized clinical trials and multiple on going studies at their fingertips to demonstrate the effects of this approach for developing the reading and thinking of young people in our nation s middle and high school classrooms as well as in community college classrooms Their careful work on developing disciplinary literacy among all students represents a passion for and commitment to supporting students and their teachers in reading for understanding which translates to reading for enjoyment self awareness learning and for purposeful and informed action in our society Elizabeth Moje Arthur F Thurnau Professor and Associate Dean for Research School of Education University of Michigan Reading Apprenticeship has proven to be an inspiration to Renton Technical College faculty and students alike They have learned together to view themselves as readers in transformative ways as they embrace powerful techniques to increase reading comprehension The ideas and strategies in Reading for Understanding anchor this new and broad based energy around reading and an enthusiasm among our faculty to model effective reading strategies for our students Steve Hanson President Renton Technical College Renton Washington Reading for Understanding has the finest blend I have seen of research strategies and classroom vignettes to deepen teacher learning

and help them connect the dots between theory and practice Curtis Refior Content Area Literacy Coach Fowlerville Community Schools Fowlerville Michigan A teacher tested research based resource for dramatically improving reading skills Published in partnership with WestEd this significantly updated second edition of the bestselling book contains strategies for helping students in middle school through community college gain the reading independence to master subject area textbooks and other material Based on the Reading Apprenticeship program which three rigorous gold standard research studies have shown to be effective in raising students reading achievement Presents a clear framework for improving the reading and subject area learning of all students including English learners students with special needs as well as those in honors and AP courses Provides concrete tools for classroom use and examples from a range of classrooms Presents a clear how to for teachers implementing the subject area literacies of the Common Core Standards Reading for Understanding proves it s never too late for teachers and students to work together to boost literacy engagement and achievement

Teacher Perception of Pacing Guide Use in the Secondary Classroom Donna Michele Smith Turner,2015

Historically teachers have exercised considerable autonomy in the day to day learning that occurs in their classrooms Now it is growing increasingly rare for a teacher to experience this type of professional freedom In response to high stakes testing national and state academic content standards and most recently the common core standards pacing guides are one of the more recent devices schools are using to implement and monitor curriculum The purpose of this research project is to investigate teacher opinion toward these pacing guides An online survey called the Pacing Guide Survey was delivered to secondary regular and special education teachers in core subject areas of mathematics science social studies and language arts The teachers were asked about whether or not they use pacing guides their attitude and comfort level in using pacing guides as well as Information concerning the population of their high school such as demographics enrollment and single or multiple high schools Building level factors such as professional development initiatives methods of curriculum monitoring and pacing guide development and revisions processes teacher factors such as years teaching years using pacing guides confidence in content area and educational background Administrators were also interviewed to form a complete picture of pacing guide development and implementation in the secondary education environment Quantitative data were analyzed using bivariate Spearman s rank order correlation and qualitative data were analyzed using a combination of thematic data analysis and quasi statistical methods Recommendations based on the data collected are Teachers should be provided with the flexibility to address student needs in the classroom Teacher input into pacing guide development implementation and revision process is necessary to ensure that student needs are addressed Team autonomy is key and teacher teams need to be provided with the necessary support structure to provide meaningful learning experiences for their students

Transform Your Math Class Using Asset-Based Teaching for Grades 6-12 Michael D. Steele,Joleigh Honey,2024-07-19

Foster a love of mathematics by creating a more inclusive and empowering learning environment through asset based

teaching An asset based perspective on math education means starting with what students already know instead of focusing on what s missing This approach elevates student thinking and reasoning skills In this way educators acknowledge that all students bring prior experiences strengths talents and resources to the learning process and can contribute meaningfully in an authentic learning environment Transform Your Math Class Using Asset Based Teaching for Grades 6 12 provides insight into asset based perspectives in mathematics education to create an environment where all students feel valued and capable of being doers of mathematics In the book Michael Steele and Joleigh Honey highlight the importance of using language instructional routines and systemic structure that positively impact student engagement their math identity and ultimately their outcomes Providing a wealth of knowledge and practical strategies that can be used to transform math classrooms into inclusive supportive and empowering learning environments this book Introduces an asset based perspective that focuses on students strengths assets and potential to learn mathematics Includes a variety of frameworks and tools that teachers can use to build and grow their sense of asset based perspectives Offers strategies for promoting a growth mindset in mathematics encouraging productive struggle in math and promoting equitable math instruction Supports teachers in reflecting on their decisions self awareness and self management Includes a companion online study guide to support teachers individually or as part of a professional learning community Adopting asset based perspectives is about movement over time not about flipping a switch This book paves the path for an asset based journey that ultimately helps to transform our math classrooms and advance all students learning and development
