Objective English, 4/e Edgar Thorpe, Showick Thorpe, 2011 The fourth edition of Objective English is a comprehensive test preparation tool that helps the learner to methodically improve their skills for various competitive examinations. This book assists students in recognizing their weaknesses and enables them to eliminate them. Objective English also highlights learner's strengths in the process. This book activates, stimulates, and accelerates the learning process while familiarizing the reader with current trends in questions. This carefully structured and easy to read course explains the basic rules of English and prepares students for examinations with the help of near original test papers of recent examinations conducted by various bodies such as the UPSC, SSC, Banking Services, Railways Recruitment Boards, private corporate organizations, and central and state recruitment bodies. It is also an indispensable aid for preparing for the CDS, NDA, MBA, MCA, BCA, hotel management law, and NIFT/NID entrance examinations. *Objective English* Thorpe, 2008-09 Report Writing for Criminal Justice Professionals Larry S. Miller, John T. Whitehead, 2010-11-24 So much of the process of criminal justice depends on good documentation and criminal justice professionals can spend as much as 50-75% of their time writing up administrative and research reports. Much of the legal process depends on the careful documentation that records crucial information. And yet most of these law enforcement security, corrections, and probation and parole officers have not had adequate training in how to provide a well-written, accurate brief and complete report. *Report Writing for Criminal Justice Professionals* provides practical advice on report writing with specific writing samples and guidelines. The authors go beyond the routine English grammar approach to deal with the difficult but often ignored problem of documentation that will hold up in court. Important concepts are emphasized with related checklists, forms, and pull-out chapter tests. The material is organized into three sections: The Nature of Report Writing, The Mechanics of Report Writing, and The Modernization of Report Writing. **NEW TO THIS EDITION** Updated and revised with new material on forensics and scientific reports, crime reporting, common errors in forensic reports, and automation of report writing. Appendixes are thoroughly revised with new examples of reporting forms, worksheets, and reports, including a sample forensic lab report and presentence investigation report. Text complemented by numerous examples, sample reports, and tools. Each chapter concludes with a sample test for the reader to self-evaluate learning. Appendixes include model reports, examples of agency instructions for completing report forms, and selected readings. **Report Writing for Criminal Justice Professionals** Larry Miller, John Whitehead, 2017-09-14 The criminal justice process is dependent on accurate documentation. Criminal justice professionals can spend 50-75 percent of their time writing administrative and research reports. The information provided in these reports is crucial to the functioning of our system of justice. *Report Writing for Criminal Justice Professionals* Sixth Edition provides practical guidance with specific writing samples and guidelines for providing strong reports.
