Emancipatory and Participatory Methodologies in Peace, Critical, and Community Psychology Mohamed Seedat, Shahnaaz Suffla, Daniel J. Christie, 2017-10-17 Offering a unique set of case studies that invites readers to question and reimagine the concept of community engagement this collected work provides an overview and analysis of numerous creative participatory research methods designed to improve well being at both the individual and societal level In a world where there are enormous differences in the wealth and health of people it is increasingly recognized that sustainable peace requires both a broad based public commitment to nonviolence combined with noticeable increments in the wellbeing of people who occupy the lowest socioeconomic strata of societies This volume focuses on the latter how to use qualitative research methods to improve well being of research participants and thus the wider society The participatory research examples described in these chapters are meant to encourage researchers scholars and practitioners to question assumed knowledge about community engagement research and practice and to inspire social justice oriented scholarship The cases studies and methods portrayed are as varied as the situations and cultures in which they take place In most of the case studies the personal is linked to the political with a social justice imperative as participants from marginalized communities express an understanding of their own position within power hierarchies deconstruct power relations and experience a sense of agency In other instances the methods are no less participatory but the aim is more focused on inner and outer harmony psychological wellbeing conflict resolution and intergroup reconciliation In all the cases studies there is a strong emphasis on methods in which community members are at the center of efforts to promote social change The methods described include group storytelling community arts asset mapping dialogues creative writing embroidery filmmaking Photovoice writing back to power and other means of engaging in emancipatory praxis and promoting personal wellbeing Taken together the chapters

illustrate creative ways in which community members embedded in disadvantaged contexts can engage in a dynamic process that stimulates individual and collective agency Ultimately this volume will provide readers with a deeper understanding of a wide range of creative qualitative research methods and will encourage establishment of an effective social justice agenda essential to human wellbeing and sustainable peace

Diverse Careers in Community Psychology Judah J. Viola, Olya Glantsman, 2017-03-29 Community psychology is a diverse field Community psychologists may work for the government for nonprofit foundations as researchers or teachers in academic settings at NGOs as independent consultants overseas in international development and more Despite such professional diversity very little information has formally been made available to students and practitioners about the range of careers they can pursue when studying community psychology *Diverse Careers in Community Psychology* details a range of potential career paths for someone with community psychology or related social science training describes the different types of careers e g tasks involved benefits and challenges salary range etc and outlines steps one can take to develop such a career The volume is built on three foundations 1 a career survey of almost 450 respondents which provides quantitative information about the different types of settings in which individuals with community psychology training might find themselves 2 more than twenty chapters by contributors who share their personal stories and guidance on how to select prepare for find and succeed in careers similar to theirs 3 and interviews with community psychologists further illustrating examples discussed in the authored chapters This volume provides both a depth and breadth of information about the possible careers available for someone with community psychology or related training

Community Psychology: Perspectives in Training and Research Ira Iscoe, Charles Donald Spielberger, 1970

Working with Human Service Organisations Fiona Gardner, 2006 Workers in human service organisations often find work with clients relatively manageable but struggle to work effectively with their employing agency particularly when translating professional values and a client centred approach to practice *Working with Human Service Organisations* provides students and human service workers with a range of tools to assist them to reflect and act critically and creatively within organisations In Part One the current context for workers and organisations is examined in relation to organisational theory and practice theory In Part Two a model for integrated practice is proposed to enable students to make connections between their professional training and the aims and structures of the organisation

Community Psychology Karen Grover Duffy, Frank Y. Wong, 2000 Community Psychology was the first undergraduate text available that gave students an understanding of the content approach and philosophy that characterizes community psychology It focuses on the importance of and strategies for producing social change and treating community problems with community psychology interventions The text examines the role of community settings such as the mental health system the educational system the criminal justice system and the social service system and helps students understand that the principles of prevention and empowerment can be transferred from one community arena to another

Community Psychology Mohamed Seedat, 2001

This introduction to community psychology is the culmination of extensive research and takes a look at the contribution of psychology up to this point in South Africa's democracy. It also looks at the theories and practices of community psychology in other countries such as Australia and the United States.

Understanding Abnormal Child Psychology Vicky Phares, 2003. Beautifully written for a first course in child psychopathology. Vicky Phares' *Understanding Abnormal Child Psychology* emphasizes developmental psychopathology as a means for understanding and treating abnormal behavior in children. The text emphasizes strengths and healthy outcomes as a means for designing effective therapies to help children and families as well as focusing on prevention as a cornerstone of managing child behavior. Throughout this book, special attention is given to issues of diversity, inclusion, and understanding. The text also examines the relationships between children and their fathers as well as with other primary figures within families, i.e., siblings, step parents, care-taking grandparents, foster parents, etc. *Abnormal Child Psychology* is unique in providing for students a chapter on applying the material they have learned and helping children and families who experience problems.

Tactics & Techniques of Community Intervention John E. Tropman, John Erlich, Jack Rothman, 2001. Articles reprinted from scholarly journals along with some book chapters examine the realities of community creation, sustenance, and enhancement. The case of the location of a homeless shelter in a college town illustrates tactics in community development while other articles consider issues of assessment, decision making, mobilization, and admin.

Generalist Social Work Practice Karla Krogsrud Miley, Michael O'Melia, Brenda DuBois, 2007. The Fifth Edition of this innovative text continues to emphasize a generalist, empowerment-oriented approach along with practice strategies and techniques for working toward individual client and social change. The Fifth Edition updates the contemporary themes of social work practice into an integrated practice process. New resources extend the research base, add breadth and depth, and position this book as a defining work for articulating an empowerment-based method of social work practice.

International Community Psychology Stephanie Reich, Manuel Riemer, Isaac Prilleltensky, Maritza Montero, 2007-07-03. Community psychology (CP) has a rich history and presence internationally that many people may not be aware of. Today's increasingly global environment encourages reviewing the world-wide goals and practices of CP. The desire to promote collective well-being clearly transcends geographical boundaries. The goal of developing a global perspective and discourse between countries has been delayed by the lack of a single accessible source for information. This book provides the first in-depth guide to global community psychology research and practice history and development theories and innovations presented in one field-defining volume. Included are contributions from countries with long histories of oppression, social movements, and political turmoil; long-time democracies and former dictatorships. Fully formed CP establishments compare with fledgling ventures into the field. The contributors document the complex relationships between

CP and ideological currents other strands of psychology and social science cultural and historical traditions and economic developments The goals of this book are several Promote international collaboration enhance theory utilization and development identify biases and barriers in the field accrue critical mass for a discipline that is often marginalized minimize the pervasive US centric view of the field Practitioners and researchers will find in International Community Psychology new perspectives on the communities they serve As a text for advanced and graduate level courses it depicts a robust field with a legitimate mission When concepts of community and sometimes even of psychology may not always translate from one nation to the next this book provides a world of needed context *Rehabilitation Research and Demonstration Projects, 1955-1970* Neil S. Dumas, John E. Muthard, 1970 *Eastern Illinois University Graduate Catalog* ,1974 Disability and Rehabilitation ,1996 **Perspectives in Education** ,2007 **Handbook of Community Mental Health** Stuart E.
