The ADHD Empowerment Guide James W. Forgan, Mary Anne Richey, 2021-09-23 Rated one of the Best ADHD Books of All Time by Book Authority The ADHD Empowerment Guide is different from other parenting ADHD books because it helps parents identify and build upon their child's strengths and natural talents in order to develop a specific plan to unlock their child's potential. Parents are invited to complete two easy-to-follow questionnaires to identify their child's natural abilities as well as determine key characteristics in their child that research has shown to help children with ADHD succeed in life. These characteristics include emotional control, integrity, grit, resiliency, resourcefulness, organization, motivation, school fit, support systems, and productive use of technology. Using the practical strategies presented, strength-building activities, and the information learned from the questionnaires, parents can develop a success plan that will unlock their child's potential and build a positive outlook on the journey of raising a child with ADHD. The authors, two professionals who have been there and done that with their own children with ADHD, illustrate their strategies and content by highlighting successful people with ADHD who excelled in various areas and share some of their success secrets to raising a successful child with ADHD.

ADHD is Awesome Penn Holderness, Kim Holderness, 2024-04-30 AN INSTANT NEW YORK TIMES BESTSELLER MORE THAN 250 000 COPIES SOLD The engaging, uplifting antidote to traditional ADHD books which let's be honest, if you have ADHD you'd never read anyway. You live in a world that wasn't designed for you. A world where you're expected to sit still, stay quiet, and focus. Because of the way your brain is wired, you can feel like you're failing at life. But you are not failing. You are awesome. Award-winning content creators Kim and Penn Holderness are on a mission to reboot how we think about the unfortunately named attention deficit hyperactivity disorder. As always, they are doing it by looking in the mirror because they don't just study ADHD; they live it. Penn was in college when he was diagnosed with ADHD, although the signs of having a brain that worked just a little bit differently had been there since he was a kid. Rather than view the diagnosis as a curse or give in to feelings of inadequacy or failure, he took a different approach: one that he wants to share with fellow ADHDers and the people who care about them. Drawing on their often hilarious insights and the expertise of doctors, researchers, and specialists, Kim and Penn provide fun, easy-to-digest advice and explanations, including: What it's actually like to live with an ADHD brain; How to find humor in the pitfalls, sob stories, and unbelievable triumphs like the time they won The Amazing Race that come with ADHD; How to tackle the challenges ADHD presents with a positive outlook; Targeted tools and techniques to play to your unique strengths; Fun extras like ADHD Bingo, an ode to cargo pants, and what the world would look like if ADHDers were in charge. Take it from Penn: Having ADHD can be scary, but it comes with incredible upsides, including creativity, hyperfocus, and energy. You might even say it's kind of awesome. Whether you have ADHD or want to support someone else in their journey, this is the guide you need to make the life you want. **Focus On: 100 Most Popular American Male Soap Opera Actors** Wikipedia contributors, Focus On: 100 Most Popular American Male Musical
