Personality, Character, and Intelligence Malcolm Gladwell, 2009-10-20 StartFragment What is the difference between choking and panicking Why are there dozens of varieties of mustard but only one variety of ketchup What do football players teach us about how to hire teachers What does hair dye tell us about the history of the 20th century In the past decade Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves *The Tipping Point* *Blink* and *Outliers* Now in *What the Dog Saw* he brings together for the first time the best of his writing from *The New Yorker* over the same period Here is the bittersweet tale of the inventor of the birth control pill and the dazzling inventions of the pasta sauce pioneer Howard Moskowitz Gladwell sits with Ron Popeil the king of the American kitchen as he sells rotisserie ovens and divines the secrets of Cesar Millan the dog whisperer who can calm savage animals with the touch of his hand He explores intelligence tests and ethnic profiling and hindsight bias and why it was that everyone in Silicon Valley once tripped over themselves to hire the same college graduate Good writing Gladwell says in his preface does not succeed or fail on the strength of its ability to persuade It succeeds or fails on the strength of its ability to engage you to make you think to give you a glimpse into someone else's head *What the Dog Saw* is yet another example of the buoyant spirit and unflagging curiosity that have made Malcolm Gladwell our most brilliant investigator of the hidden extraordinary EndFragment

Character Compass, Second Edition Scott Seider, Shelby Clark, Madora Soutter, 2025-10-29 The popular volume on the power of character development in the classroom now features new chapters on intellectual risk taking and open mindedness plus reflections from leaders and former students of the participating schools on the impact of character education on their work and lives *Character Compass Second Edition* returns to three high performing urban schools to reassess their distinct commitments to character education Classical Academy prizes moral character College Bound Middle School emphasizes performance character and Civitas Prep prioritizes civic character To this group Scott Seider Shelby Clark and Madora

Soutter add Bright Ideas Middle School which champions intellectual character They describe the ways in which these four school s distinctive character goals lead them to emphasize different programming and practices and to nurture different dimensions of their students characters Seider Clark and Soutter reconnect with the students that were interviewed more than a decade ago to ask how character education influenced their trajectories and they invite the volume s original school leaders to share how their thinking has and has not changed Their research reaffirms the foundational strength of character education in building a powerful school culture where students can thrive and a new case study on a school emphasizing intellectual character broadens the framework s reach With its rare longitudinal and retrospective perspective Character Compass Second Edition provides K 12 educators and school leaders with powerful guidance for making character development central to their mission of supporting student success Updates also help practitioners hone their chosen approach to best complement their own unique institutional commitments community and context

Educating Character Through Stories David Carr, Tom Harrison, 2015-01-14 What could be the point of teaching such works of bygone cultural and literary inheritance as Cervantes Don Quixote and Shakespeare s The Merchant of Venice in schools today This book argues that the narratives and stories of such works are of neglected significance and value for contemporary understanding of human moral association and character However in addition to offering detailed analysis of the moral educational potential of these and other texts the present work reports on a pioneering project recently pursued by the Jubilee Centre for Character and Virtues concerned precisely with the use of these and other stories for moral and character education in schools The success of the Knightly Virtues project is an inspiring story in its own right and should therefore be of enormous interest to all schools teachers and parents rightly concerned with this all important aspect of their children s educational development
