Chav The Comic English Edition:

Chavs Owen Jones, 2012-05-22 In modern Britain the working class has become an object of fear and ridicule From Little Britain's Vicky Pollard to the demonization of Jade Goody media and politicians alike dismiss as feckless criminalized and ignorant a vast underprivileged swathe of society whose members have become stereotyped by one hate filled word chavs In this acclaimed investigation Owen Jones explores how the working class has gone from salt of the earth to scum of the earth Exposing the ignorance and prejudice at the heart of the chav caricature he portrays a far more complex reality The chav stereotype he argues is used by governments as a convenient figleaf to avoid genuine engagement with social and economic problems and to justify widening inequality Based on a wealth of original research Chavs is a damning indictment of the media and political establishment and an illuminating disturbing portrait of inequality and class hatred in modern Britain This updated edition includes a new chapter exploring the causes and consequences of the UK riots in the summer of 2011
