Clearwater National Forest (N.F.), White/White Analysis ,2007 **Nothing Personal** Nancy Jo Sales,2021-05-18 A raw and funny memoir about sex dating and relationships in the digital age intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps by firebrand New York Times bestselling author Nancy Jo Sales At forty nine famed Vanity Fair writer Nancy Jo Sales was nursing a broken heart and wondering How did I wind up alone On the advice of a young friend she downloaded Tinder then a brand new dating app What followed was a raucous ride through the world of online dating Sales an award winning journalist and single mom became a leading critic of the online dating industry reporting and writing articles and making her directorial debut with the HBO documentary Swiped Hooking Up in the Digital Age Meanwhile she was dating a series of younger men eventually falling in love with a man less than half her age

Nothing Personal is Sales's memoir of coming of middle age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, Nothing Personal investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users' deepest needs and desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating and asks what the future of courtship will bring if left to the designs of Silicon Valley's tech giants, especially in a time of social distancing and a global pandemic when the rules of romance are once again changing.
