GDR Literature in German Curricula and Textbooks Elizabeth Priester Steding, 2023-09-15 This book analyzes the changing portrayal of GDR literature in German Gymnasium textbooks 1985 2015 Addressing the need for textbook research to broaden its focus from GDR history to GDR literature the author presents case studies of well known GDR authors Bertolt Brecht Johannes R Becher Anna Seghers Wolf Biermann and Christa Wolf each examining a particular aspect of the societal discourse about GDR literature and the tension between literary text and historical context Taken together the case studies reveal the frequently underestimated power of ideology in literature textbooks They also show how attempts to package these authors into simplified categories ultimately reveal the profound complexities of the GDR literary legacy By examining the clear tension between literature and politics in textbooks and curricula the author demonstrates how ideological messages are transmitted in all textbooks as well as the importance of attending to overt and covert ideology

Social Entrepreneurship in Germany Philipp Kenel, 2024-06-04 Public and political interest in social entrepreneurship SE is increasing while it remains a contested and ambiguous concept Philipp Kenel traces the popular media representation of SE in Germany over time 1999 2021 making an important empirical contribution to the sociological and political understanding of the phenomenon He shows that until 2008 SE was mainly understood as a reform of the welfare infrastructure including public and non profit institutions From 2009 SE was increasingly conceptualised as part of the economy while sometimes challenging and other times reaffirming mainstream economic logics More recently in somewhat competing perspectives SE has been framed as part of the start up world or as a force for deeper social and ecological transformation
