**The Suez Crisis** Nova Ashford, The Suez Canal a man made waterway slicing through Egypt s Isthmus of Suez was more

than a marvel of engineering it was the linchpin of global commerce and imperial strategy in the mid 20th century Completed in 1869 the canal connected the Mediterranean Sea to the Red Sea dramatically shortening the maritime journey between Europe and Asia For Britain whose empire spanned from India to Africa the Suez Canal was vital It cut weeks off shipping routes and ensured quicker military and economic access to colonial holdings By the 1950s over two thirds of Europe's oil passed through the canal making it indispensable to Western economies British control of the canal zone formalized through colonial arrangements and military presence symbolized not only imperial dominance but also strategic security For decades Britain had considered the Suez Canal a non negotiable asset crucial for maintaining global influence But this grip was increasingly challenged in the post World War II world Egypt under the rising leadership of Gamal Abdel Nasser viewed the continued presence of British forces and influence as an affront to national sovereignty and a relic of colonial subjugation At the same time the global political landscape was shifting rapidly The Cold War had divided the world into ideological camps and both the United States and the Soviet Union were competing for influence in newly independent nations For Egypt this emerging global rivalry created opportunities Nasser sought to assert Egyptian independence and regional leadership by playing both sides of the Cold War divide while pursuing an agenda of modernization and nationalism The Suez Canal still largely controlled by Western interests through the Suez Canal Company became a symbol of the struggle between old empires and new national aspirations

Pedersen,2008 Since 1988 when Burma s military rulers crushed a popular uprising Western governments have promoted democracy as a panacea for the country s manifold development problems from ethnic conflict to weak governance human rights abuses and deep rooted structural poverty Years of escalating censure and sanctions however have left the military firmly entrenched in power the opposition marginalized and the general population suffering from deepening poverty In the first book length study of Western human rights policy in Burma Morten B Pedersen argues that Western democracy rhetoric has not supplied the solution to these problems Each year Burma s human and natural resources are further eroding the HIV AIDS epidemic is mounting and the prospect of turning the situation around is becoming less and less likely Based on extensive field research Promoting Human Rights in Burma proposes an alternative model of critical engagement that emphasizes more pragmatic efforts to help bring a deeply divided society together and promote socioeconomic development as the basis for longer term political change Although the focus is squarely on Burma the fallacies in Western policy thinking that this case study reveals as well as the alternative policy framework it offers have wider relevance for other poor conflict ridden countries on the periphery of the global political and economic system **The World Since 1500** Leften Stavros Stavrianos,1995 This exploration of world history takes an interdisciplinary global rather than a regional or national approach tracing those major forces movements and events that had a world wide impact Surveying a full sweep of world history the seventh edition provides a balanced coverage of both Eastern and Western

Krebs,2001 Surprisingly the figure most often linked to liberation Secretary of State John Foster Dulles came to advocate a more subtle and measured policy that neither accepted the status quo nor pursued rollback This American vision for the region held up the model of Finland imagining a tier of states that would enjoy domestic autonomy and perhaps even democracy but whose foreign policy would toe the Soviet line **Covering McCarthyism** Lawrence N. Strout,1999-09-30 Strout examines how the Christian Science Monitor a highly influential newspaper of the era covered Joseph R McCarthy and McCarthyism from the Senator s Lincoln Day speech in February 1950 through his censure in December 1954 Through his in depth examination of the Monitor s interoffice communications Strout examines how the Monitor s coverage compared with other elite and popular press newspapers and how the pressures associated with McCarthyism affected individuals at the Monitor An extensive review of the Monitor s editorials and news articles suggests that it was remarkably thorough and fair in its reporting while still being outspoken but responsible in its criticism While many newspapers attacked McCarthy personally the Monitor concentrated on the actions of the junior senator and the negative effects they were having at home and abroad As Strout sees it the Monitor served as a voice of moderation while simultaneously being a persistent critic of McCarthy s tactics **Racing for the Bomb** Robert Stan Norris,2002 Colonel Leslie R Groves was a career officer in the Army Corps of Engineers fresh from over seeing hundreds of military construction projects including the Pentagon when he was given the job in September 1942 of building the atomic bomb In this full scale biography Norris places Groves at the centre of the amazing Manhattan Project story Offering new information and vital insights into how the bomb got built and how the decision to use it was made this is a completely new perspective on the military colossus behind the U S s first nuclear bombs **Histoire Russe** ,1999 **History of the United States** American History,1988
