Polygons Galore Dana T. Johnson,Marguerite M. Mason,Jill Adelson,2021-09-03 Polygons Galore is a mathematics unit for high ability learners in grades 3-5 focusing on 2-D and 3-D components of geometry by exploring polygons and polyhedra and their properties The van Hiele levels of geometric understanding provide conceptual underpinnings for unit activities The unit consists of nine lessons that include student discovery of properties of polygons and polyhedra investigations for finding areas of triangles and quadrilaterals study of the Platonic solids and real world applications of polygons and polyhedra It also includes activities related to identifying comparing and analyzing polygons by using properties of the polygons constructing meanings for geometric terms developing strategies to find areas of specific polygons identifying and building regular and nonregular polyhedra and recognizing geometric ideas and relationships as applied in daily life and in other disciplines such as art Grades 3-5

Literary Conversations in the Classroom Diane Barone,Rebecca Barone,2016-12-02 Combining research with real life classroom examples this book demonstrates how high level conversations centered on fiction and nonfiction can promote students understanding and help them meet and exceed a spectrum of standards The authors demonstrate how to use literary conversations in small heterogeneous groups to address multiple expectations within classrooms such as close reading vocabulary background knowledge literal and inferential comprehension and responses to multimodal interpretation nonfiction text features and graphic organizers The text includes the theoretical why and the very practical how to to help teachers grades 3-8 successfully implement serious sustained student group conversations about their reading The recommendations for heterogeneous groups rather than groups based on book selection or reading ability will support all students struggling readers and those reading at or above grade level This practical resource shows teachers how to Group students heterogeneously from inexperienced participants to sophisticated readers Support each student as he or she reads a nonfiction or fiction book Engage students in critical

conversations centered on their reading Be mindful of the roles for each student and how these change based on genre Assess student participation and literacy outcomes

Spatial Reasoning Dana T. Johnson,2021-09-23 Spark the visual learning of students in grades 2 4 with Spatial Reasoning a mathematics unit for high ability learners Gifted students demonstrate an advanced aptitude for spatial reasoning at early ages and they require more complex lessons than what the standard curriculum provides This field tested unit approaches spatial reasoning through one dimensional 1 D two dimensional 2 D and three dimensional 3 D tasks that will engage students The lessons in this unit are differentiated for gifted learners and they are supported by hands on extension activities that extend spatial concepts beyond the classroom The skills learned throughout this unit will lay the foundation of spatial reasoning that will prepare students for middle school and beyond Spatial Reasoning was developed by the Center for Gifted Education at The College of William and Mary Grades 2 4

Text Sets Joanne Kilgour Dowdy,Rachael Fleischaker,2018-07-17 Text Sets Multimodal Learning for Multicultural Students integrates a multicultural approach to teaching with standards based instruction and multimodal learning opportunities in a variety of content areas This unique combination allows teachers to meet the demands of their curriculum while recognizing and honoring the diverse students in their classroom Each chapter provides an annotated text set with a specific theme curricular goals and instructional activities that suggest ways for students to interact with the texts In addition to providing ready made text sets it models a framework for teachers to build their own text sets based on the individual needs of their schools and communities
