admiration Le sublime se manifeste dans le ravissement du poète et de ses personnages dans les représentations spectaculaires de l'horreur ou d'une nature bouleversée Enfin le *Traité du Sublime* se révèle être un outil intéressant pour appréhender les interférences génériques qui s'observent dans la *Thébaïde* Il met en lumière un tragique de la passion qui en se déployant traverse le thème de la tyrannie entre en tension avec l'épique et avec le traitement traditionnel de l'héroïsme Le poème de Stace livre dès lors une vision complexe des protagonistes impliqués et de leurs actions The treatise *On the Sublime* whose author conventionally referred to as Longinus wrote under Nero and Vespasian provides a hermeneutic framework that allows avoiding retrospective interpretations derived from modern aesthetic doctrines As characterized by Longinus the concept of the sublime sheds new light on the *Thebaid* and helps to better define the poetic world of Statius' epic The *Thebaid* and the treatise share certain crucial features both defend and illustrate a daring and rule breaking approach to the poet's creative activity both focus on rushing passions both favor situations that go against the audience's beliefs and expectations and thus trigger a response that should encompass feelings of terror and admiration The sublimity of the *Thebaid* shows itself in the rapture that seizes the poet and his characters and in the dramatic depiction of horrible deeds and disruptions of nature Last but not least one can rely on the treatise in order to explore the generic interplay that is at work in the *Thebaid* Indeed it turns out that Statius by developing the topic of tyranny creates a poetics of passion whose tragic dimension clashes with the norms of epic diction and the traditional treatment of heroism This liberty taken with genre membership accounts for the complex portrayal of characters and actions Marchés tropicaux et méditerranéens, 2003
