Contract Documentation for Contractors Vincent Powell-Smith, John H. M. Sims, Christopher Dancaster, 2008-04-30 The JCT standard forms of building contract require a thorough understanding of their procedural requirements as well as their legal implications They require both the contractor and the architect on behalf of the employer to send a wide range of notices and letters if each party is to protect its legitimate interests The main contract forms are also supported by complex sub contract documentation Therefore it is not surprising that when this book of specimen letters notices and forms was first published it was widely welcomed by the construction industry The book provides examples of documentation likely to be required for a contract under the following JCT forms the Standard Form of Building Contract the Intermediate Form of Building Contract the Agreement for Minor Building Works the Standard Form of Building Contract With Contractor's Design It includes a commentary on the practical implications of the various documents and highlights the points to be watched The new edition takes into account the wide range of amendments to the latest editions of the standard forms following the Housing Grants Construction and Regeneration Act 1996 and in particular the new payment and adjudication provisions For the first time it features documentation for use with the JCT design and build form [Construction Documentation](#) John A. Construction William Duncan, 2013-11-11 The procedures in this manual distill six years of learning about the most efficient
acquisition and construction methods in this country for high volume production of housing affordable to low income people
The people in the Rehab Work Group at The Enterprise Foundation have gathered this information first hand and conveyed it
in training workshops on production management throughout the country Over 2000 participants in the workshops have
included rehab specialists from city housing departments construction managers of single and multifamily rehab projects
program managers from both nonprofit housing development organizations and city rehab departments as well as students
in colleges and universities They are becoming the backbone of a new cadre of effective producers of affordable housing In
the 30 cities and several rural areas where we have both learned and applied these production management techniques they
have resulted in savings of 5 10 even 25 percent of the cost of housing development The Enterprise Foundation is a national
nonprofit organization that my wife Patty and I launched in 1982 The Foundation's mission is to see that all very low income
Americans have the opportunity for fit and affordable housing within a generation and work their way up and out of poverty
into the main stream of American life
