## Construction Identitaire Et Espace:

*Construction identitaire et espace* Pernet Grandjean, 2009-09-01 La question identitaire se situe au coeur des interrogations sur les sociétés contemporaines Quel rôle l'espace joue-t-il dans l'articulation des processus identitaires et quels échelons territoriaux Comment les mutations du monde contemporain influencent-elles sur le rapport identité-espace Quel est le rôle des représentations dans ce processus Quels rôles tiennent la référence au passé et la mémoire des lieux dans la construction historique Quels sont les enjeux de la production identitaire dans le contexte d'une mise en concurrence identitaire

**Discours d'Afrique** Alpha Ousmane Barry, 2009 L Afrique a connu la traite des noirs la colonisation les indépendances la mondialisation Aujourd'hui les représentations des peuples africains ont considérablement évolué En prenant en compte toutes les vicissitudes historiques qui ont marqué le continent on peut se demander comment une identité si gravement menacée ou déformée se manifeste dans le discours africain postérieur à la décolonisation En déplaçant la problématique de l'identité telle qu'elle est posée en sciences humaines et sociales d'une part et dans les études littéraires d'autre part et en articulant systématiquement cette problématique celles du discours les contributions ici rassemblées abordent la question des identités africaines sous l'angle de formes rhétoriques propres repérables dans le discours politique médiatique ou quotidien ainsi que sous l'angle d'une revendication identitaire d'ordre ethnique politique ou corporatif qui prend la forme écrite ou orale sur différentes scènes Les réflexions sur la problématique d'une identité africaine fragmentée et mouvante contenues dans cet ouvrage sont nourries par les contributions de spécialistes de plusieurs domaines étudiés dans le cadre interdisciplinaire de la première manifestation scientifique internationale organisée par le Réseau de recherche Discours d'Afrique

Espaces arc-en-ciel - Identités et territoires en Afrique du Sud et en Inde GERVAIS-LAMBONY Philippe, LANDY Frédéric et OLDFIELD Sophie, 2003-10-01 Les processus liés à la phase actuelle de la mondialisation ont pour choix des repositionnement identitaires toutes les échelles Comment se traduisent-ils dans l'espace Comment est utilisé l'espace pour renforcer et justifier les appartenances identitaires ou au contraire les atténuer Autant de questions auxquelles cet ouvrage apporte des éléments de réponse traversant la comparaison de deux grands pays du Sud l'Inde et l'Afrique du Sud

**Building a European Public Sphere** Robert Frank, 2010 The book edited by four known specialists of European history presents for the first time a discussion among European historians on the European public sphere since the 1950s It treats the general perspective and deals also in special articles with the role played by the European Union by the Council of Europe and by national media such as television and film The volume shows that the role of the European public sphere is often underestimated and that it is gradually becoming more influential and forceful not only in politics but also in culture Sous la direction de quatre spécialistes renommés de l'histoire européenne cet ouvrage présente de façon inédite un débat entre historiens de l'Europe sur l'espace public européen et son évolution depuis les années 1950 La question est abordée dans son ensemble mais certaines contributions traitent aussi

plus spécifiquement du rôle joué par l'Union européenne par le Conseil de l'Europe et par les médias nationaux comme la télévision et le cinéma. Ce volume montre que l'on a souvent sous-estimé l'espace public européen alors que son influence est de plus en plus importante tant au niveau politique que culturel. *Pouvoir politique et espace religieux au Sénégal* Mountaga Diagne, 2014-10-15 Peu d'études font l'analyse de la portée politique des espaces religieux. Pourtant en s'y intéressant on peut mener un regard empirique et sociohistorique du politique. Dans trois communautés Mourides, Tidjanes, Niassanes et Layennes et trois espaces religieux Touba, Médina Baye et Cambérène au Sénégal nous observons les interactions entre divers acteurs qui gagnent du capital social et symbolique pour assurer la gouvernance. **Rester délinquant** Géraldine Duvanel

Aouida, 2016-05-08 L'ouvrage a pour objectif de rendre intelligible le processus d'ancrage dans un parcours durable de délinquance juvénile et de mettre en lumière une forme d'agir explicative du rester délinquant, l'agir mancipatoire. Destin aux chercheurs, aux praticiens et plus généralement qui souhaite mener une réflexion poussée sur la récidive des mineurs, cet ouvrage propose une compréhension du parcours de ces jeunes, ni victimes ni coupables mais la fois acteurs et captifs.

Espace et construction identitaire en psychomotricité Léna Boudan-Huez, 2011 Ce mémoire s'appuie sur le suivi de deux patients. L'objectif est de questionner sur les rapports que l'Homme entretient avec l'espace. En trois temps et par le jeu des espaces, l'homme va passer d'une identité humaine, une identité humaine consciente et une identité culturelle. La rencontre l'autre va demander la création d'un troisième espace intermédiaire, au dedans et au dehors. Mais lorsque l'accès à ces différents statuts identitaires est mis mal, l'Homme est propulsé en marge de la société par trançage. Aussi, c'est sur ce jeu des espaces et par conscience de la souffrance créée par l'entre-deux que j'ai choisi d'axer ma réflexion, les accompagnant dans leurs difficultés. **Identités Régionales Et Nationales en Europe Aux XIXe Et XXe Siècles**

Heinz-Gerhard Haupt, Michael G. Müller, Stuart Joseph Woolf, 1998-07-03 In late 20th century Europe both national and regional loyalties have retained a surprising strength and topicality despite the advance of supra-national integration. This volume addresses some specific aspects of this phenomenon that lay at the centre of the interdisciplinary work of the first European Forum of the European University Institute in Florence during the academic year 1993-94. It aims at contributing to a better understanding of the origins and the nature of territorially based identities in Europe and it also offers some analysis of current problems arising at various levels of the relationships between regional, national and international structures. The contributions to this volume refer to three major fields of historical and contemporary research: The study of the factors that constitute territorially based imagined communities; Under what conditions can certain cultural characteristics shared by a given group, such as language, religious affiliation or cultural heritage, acquire social and political meaning in a process of creating territorial loyalties; And how do regional and national loyalties relate to other patterns of particularist group identities. In examining these questions, special attention is given to the concept of primordial identities and to the problem of ethnicity. The analysis of the mechanisms by which particular group interests, social, political or cultural

are translated into narratives of regional or national identity The loyalty to a community within a given territory is never merely a product of invention and of arbitrary ideological indoctrination **Espaces et sociétés** ,2007 Re-exploring Canadian Space Jeanette M. L. den Toonder,Bettina van Hoven,2012 A variety of productions and representations of Canadian identities are the central theme that runs through this book The different contributions explore imagined spaces by considering Canadian music poetry and novels they engage with political space by addressing various ways in which the people of Canada have made claims to different regions in the distant and recent past and they address lived spaces and their actual and symbolic meanings It is an unusual book as it encompasses the writings by those studying the arts and literature as well as writings by social scientists and it includes both English and French speaking scholars The richness that can be found in this multitude of perspectives and approaches to exploring Canadian space is characteristic of the way in which Canadian Studies is practiced nowadays It is therefore an appropriate volume to celebrate 20 years of Canadian Studies in the Netherlands *Imaginaire de l'espace* Kacem Basfao,1988 **Africa Development** ,2008 A quarterly journal of the Council for the Development of Economic and Social Research in Africa Revue trimestrielle du conseil pour le d veloppement de la recherche economique et sociale en Afrique **Glocalisation de la communication publicitaire** Gervais Cwako Monkam,José Botetem Munne Batet,2020-12-03 Dans un contexte hyperconcurrentiel la communication publicitaire des entreprises se doit d tre r active et flexible int grant chaque fois la sp cificit du contexte local l heure de l av nement du village plan taire qui impose un mod le une vision et des moyens universels dans les modes de vie et de consommation il est urgent de penser global et agir local Cet ouvrage contient des donn es factuelles et des perspectives pour repenser le m tier de la communication publicitaire en int grant les contextes socioculturels Adolescence et psychopathologie Daniel Marcelli,Alain Braconnier,Louis Tandonnet,2018-11-13 L adolescence est l ge o chaque individu doit pouvoir se soucier de lui m me ou en d autres termes d velopper son propre gard une connaissance de soi et de ses limites l int rieur desquelles la capacit prendre soin de soi est un facteur fondamental de sant physique et mentale actuelle et future Cela ne se fait ni en un jour ni par la gr ce d une g n ration spontan e L objectif le plus ambitieux de cet ouvrage qui f te ses 35 ans et accueille de nouveaux collaborateurs est d apporter chaque professionnel au contact d adolescents en difficult les connaissances et les rep res lui permettant de r pondre au mieux cette priorit Daniel Marcelli Alain Braconnier l occasion de cette 9e dition la structure a t enti rement remani e avec l ajout de nombreux nouveaux chapitres L ouvrage se pr sente d sormais sous 4 grandes parties les bases th oriques et g n ralit s les grands regroupements syndromiques approche nosographique et psychopathologie des conduites l adolescent dans son environnement et enfin la th rapeutique Cette nouvelle dition tient compte de la sortie du DSM 5 **Mande Studies** ,2007 Normes identitaires et urbanisation Gudrun Ledegen,Thierry Bulot,2008
