Women in Higher Education Ana M. Martínez Alemán, Kristen A. Renn, 2002-12-13 The only comprehensive encyclopedia on the subject of women in higher education America's first wave of feminists Susan B. Anthony, Elizabeth Cady Stanton and others included expanded opportunities for higher education in their Declaration of Sentiments at the first Women's Rights Convention in Seneca Falls, New York, in 1848. By then the first American institutions to educate women had been founded among them Mt. Holyoke Seminary in 1837. However, not until after the Civil War did most universities admit women and not for egalitarian purposes. War casualties had caused a drop in enrollment and the states needed teachers. Women students paid tuition but as teachers were paid salaries half that of men. By the late 20th century there were more female than male students of higher education but women remained underrepresented at the higher levels of educational leadership and training. This volume covers everything from historical and cultural context and gender theory to women in the curriculum and as faculty and administrators

The Scroll of Phi Delta Theta, 1880 *Princeton Alumni Weekly*, 1993 *The Spirit that Gives Life* Joseph Francis Rishel, 1997 Since its foundation in 1878 as the Pittsburgh Catholic College, the story of Duquesne University has been a remarkable one. Now for the first time in 118 years the complete history of Duquesne has been compiled into this remarkable volume. This book has grown out of several years of research and is not just the story of the growth of an urban Catholic university. Indeed, this work confirms that Duquesne University's story is much more than that. From its humble beginnings when the school provided education for hundreds of immigrants who might not otherwise have had such an opportunity to the post-World War II era when Duquesne opened its doors to welcome and educate returning veterans to the 1950s and 1960s when the sports programs recognized the rights and talents of minority players long before most other schools had to the 1970s when Duquesne as it had before trusted in its mission and overcame incredible financial obstacles to not only survive but grow again to the 1990s when Duquesne has emerged as one of the leading Catholic institutions in the nation. It is a dramatic story, one that will be of interest not only to those affiliated with Duquesne University but to educators, academic administrators, social and regional historians, and all those involved with Catholic higher education
