Democracy In Practice Ceremony And Ritual In Parliament:

Democracy in Practice S. Rai, R. Johnson, 2014-12-09 This collection makes a compelling case for the importance of studying ceremony and ritual in deepening our understanding of modern democratic parliaments. It reveals through rich case studies that modes of behaviour, the negotiation of political and physical spaces and the creation of specific institutional cultures underpin democracy in practice. **Crafting Parliament in Myanmar's Disciplined Democracy (2011-2021)**

Renaud Egreteau, 2022-03-01 In January 2011 parliament was restored in Myanmar after two decades of military rule. Startlingly it began to repeal obsolete laws, scrutinize government expenditures, summon ministers to the floor and discuss the state's annual budget. It also allowed its elected representatives to make public the grievances collected from constituents infuriated at enduring practices of land confiscation, petty corruption and everyday abuses of power. Yet ten years later in February 2021 parliament was shut down again by a coup d'état. What has been learned in the span of a decade of post-junta parliamentary resurgence? How could an elected legislature resurface and function in a country that had only limited experience with parliamentary affairs and representative politics since its independence from British rule? What lessons can be drawn from the Myanmar case for parliamentary institution building and legislative developments and decay in post-authoritarian and praetorian contexts? This book offers a compelling account of Myanmar's halting efforts to develop the institutional framework and practice of a parliament-based democratic governance between 2011 and 2021. It charts the stages of such a legislative resurgence, tracing its causes and exploring how various institutional and political legacies both informed and constrained the re-establishment and operations of the Union legislature or Pyidaungsu Hluttaw. Embracing both ethnographic observations and a methodical engagement with legislative proceedings and historical material, Renaud Egreteau investigates how parliamentary life re-emerged in Myanmar in the 2010s. His analysis concentrates on key legislative mechanisms, processes and tasks pertaining to government oversight, budgetary control, representation and lawmaking and interrogates how they were learned, re-appropriated and misperformed by Myanmar's new breed of legislators and parliamentary staff until the 2021 army takeover. *The Anthropology of Parliaments* Emma

Crewe, 2021-05-13 *The Anthropology of Parliaments* offers a fresh comparative approach to analysing parliaments and democratic politics, drawing together rare ethnographic work by anthropologists and politics scholars from around the world. Crewe's insights deepen our understanding of the complexity of political institutions. She reveals how elected politicians navigate relationships by forging alliances and thwarting opponents; how parliamentary buildings are constructed as sites of work, debate and the nation in miniature; and how politicians and officials engage with hierarchies, continuity and change. This book also proposes how to study parliaments through an anthropological lens while in conversation with other disciplines. The dive into ethnographies from across Africa, the Americas, Asia, Europe, the Middle East and the Pacific Region demolishes hackneyed geo-political categories and culminates in a new comparative theory about the contradictions in everyday political

Rai, Carole Spary, 2018-10-09 Seven decades after India's independence women members occupy 1 in 10 seats in the Lok Sabha the lower house of the Indian Parliament In analysing women's limited presence in the Indian Parliament *Performing Representation* breaks new ground in scholarship on gender and politics It explores the possibilities and limits of parliamentary democracy and the participation of women in its institutional performances This book offers new insights into the gendered nature of the performance aesthetics and norms of parliamentary life through an examination of electoral data legislative debates and life stories of women MPs The authors avoid both the framing of women MPs either simply as challengers of masculinized institutional politics or only as docile actors in a gendered institution Making a strong case for taking parliamentary politics seriously in these times of populism the book raises critical questions about the politics of difference claim making representation and intersectionality and addresses these as part of global feminist debates on the importance of the women's representation in political institutions Exploring Parliament Cristina Leston-Bandeira, Louise Thompson, 2018 A fresh perspective on an ancient institution *Exploring Parliament* offers an engaging and real life insight into the inner workings impact and relevance of twenty first century Parliament Short academic and practitioner chapters are combined with highly relevant and practical case studies to provide a new and accessible introduction to Parliament's structures people and practices As well as covering the broader structure of UK Parliament this text explains the role of small parties in law making the design and space of Parliament and offers illuminating case studies on highly topical areas such as the Backbench Business Committee the Hillsborough Inquiry and recent pieces of legislation such as the Assisted Dying Bill This text is complemented by the following online resources for students and lecturers Video tours of Parliament Podcasts to explain and explore the work of Parliament Web links to help students to explore Parliament even further *National Parliaments as a Global Institution* Pertti Alasuutari, 2025-01-10 Countries all over the world make decisions of national and international importance in a national parliament Today for a country to have a national parliament is a global norm but this has only been the case for the last few hundred years The development of this remarkable uniformity has seen national parliaments become a global institution *National Parliaments as a Global Institution* scrutinizes how the current world order comprising national legislatures evolved how parliaments work and how they form a global network or field for the transfer of ideas and information It highlights the remarkably similar structures and practices of national parliaments all around the world with
