Connections Steve Bederman, 2015-01-15 Even when he's hidden away trouble inevitably finds Mitch Jacobs In his life he has known incredible highs and demoralizing lows those from his personal failings so evident in his life and while building his company In spite of this starting with a simple idea he has grown Symbiotic Technologies to a position as a world leader He believes that what he has gained versus what and who has been lost has been a poor trade Mitch has become reclusive living deep in the Colorado mountain backwoods with his wife who was the former President of Colombia Since he handed over the company to his employees there has finally been relative peace and safety In this CONNECTIONS the fourth book of the series the reader travels from Colorado to Quebec Colombia and to Washington DC The White House His beautiful wife Pilar Reyes Cruz finally goes home to the land where she once was elected as the first female president of this machismo country She is still recognized throughout the world for the salvation of her troubled people and as many believe the future of all of Latin America There is no running from lust and love and business and negotiation Terrorism can show its ugly face at any moment and in many forms Seemingly disparate events are all connected Whether Pilar regains her purpose and Mitch refocuses on running one of the most passionate and inventive technology corporations in the world are but two of the many questions left to answer The US President the King of England the President of Colombia and the world's back alley power brokers all converge into Mitch Jacob's continuum of CONNECTIONS [The Churchman](#), 1904 [They Also Write for Kids](#)

Suzanne Manizza Roszak, 2022-12-28 Outside the world of children's literature studies children's books by authors of well known texts for adults are often forgotten or marginalized Although many adults today read contemporary children's and young adult fiction for pleasure others continue to see such texts as unsuitable for older audiences and they are unlikely to cross read children's books that were themselves cross written by authors like Chinua Achebe Anita Desai Joy Harjo or Amy Tan Meanwhile these literary voices have produced politically vital works of children's literature whose complex themes persist across boundaries of expected audience These works form part of a larger body of activist writing for children that has long challenged preconceived notions about the seriousness of such books and ideas about who in fact should read them They Also Write for Kids Cross Writing Activism and Children's Literature seeks to draw these cross writing projects together and bring them to the attention of readers In doing so this book invites readers to place children's literature in conversation with works more typically understood as being for adult audiences read multiethnic US literature alongside texts by global writers consider children's poetry and nonfiction as well as fiction and read diachronically as well as cross culturally These ways of reading offer points of entry into a world of books that refuse to exclude young audiences in scrutinizing topics that range from US settler colonialism and linguistic prejudice to intersectional forms of gender inequality The authors included here also employ an intricate array of writing strategies that challenge lingering stereotypes of children's literature as artistically as well as intellectually simplistic They subversively repurpose tropes and conventions from canonical children's

books embrace an epistemology of children's literature that emphasizes ambiguity and complexity invite readers to participate in redefining concepts such as civilization and cultural belonging engage in intricate acts of cross cultural representation and re envision their own earlier works in new forms tailored explicitly to younger audiences Too often disregarded by skeptical adults these texts offer rich rewards to readers of all ages and here they are brought to the fore
