**Plundering the North** Kristin Burnett, Travis Hay, 2023-10-13 The manufacturing of a chronic food crisis Food insecurity in the North is one of Canada's most shameful public health and human rights crises In *Plundering the North* Kristin Burnett and Travis Hay examine the disturbing mechanics behind the origins of this crisis state and corporate intervention in northern Indigenous

foodways Despite claims to the contrary by governments the Hudson s Bay Company HBC and the contemporary North West Company NWC the exorbitant cost of food in the North is neither a naturally occurring phenomenon nor the result of free market forces Rather inflated food prices are the direct result of government policies and corporate monopolies Using food as a lens to track the institutional presence of the Canadian state in the North Burnett and Hay chart the social economic and political changes that have taken place in northern Ontario since the 1950s They explore the roles of state food policy and the HBC and NWC in setting up perpetuating and profiting from food insecurity while undermining Indigenous food sovereignties and self determination Plundering the North provides fresh insight into Canada s settler colonial project by re evaluating northern food policy and laying bare the governmental and corporate processes behind the chronic food insecurity experienced by northern Indigenous communities

*The Routledge Companion to Spatial History* Ian Gregory,Don DeBats,Don Lafreniere,2018-01-19 The Routledge Companion to Spatial History explores the full range of ways in which GIS can be used to study the past considering key questions such as what types of new knowledge can be developed solely as a consequence of using GIS and how effective GIS can be for different types of research Global in scope and covering a broad range of subjects the chapters in this volume discuss ways of turning sources into a GIS database methods of analysing these databases methods of visualising the results of the analyses and approaches to interpreting analyses and visualisations Chapter authors draw from a diverse collection of case studies from around the world covering topics from state power in imperial China to the urban property market in nineteenth century Rio de Janeiro health and society in twentieth century Britain and the demographic impact of the Second Battle of Ypres in 1915 Critically evaluating both the strengths and limitations of GIS and illustrated with over two hundred maps and figures this volume is an essential resource for all students and scholars interested in the use of GIS and spatial analysis as a method of historical research
