Delphi Complete Works of Jacopo da Pontormo (Illustrated)

Jacopo da Pontormo, 2024-10-25

The Florentine master Jacopo da Pontormo is the greatest exponent of Mannerism, an artistic style that predominated Italy at the end of the Renaissance. His works broke away from the prevailing classicism of his time to create a more personal, expressive technique. He is famous for his use of sinuous poses, elongated forms, and ambiguous perspective. The agitated, almost neurotic emotionalism of his works offers an unusual departure from the balance and tranquillity of the High Renaissance. Pontormo's extraordinary achievements anticipated the Baroque as well as the radical work of El Greco.

Delphi's Masters of Art Series presents the world's first digital eArt books, allowing readers to explore the works of great artists in comprehensive detail. This volume presents Pontormo's complete paintings with concise introductions, hundreds of high-quality images, and the usual Delphi bonus material.

the deepest feelings in the soul of the people of Italy In the work of Michelangelo the wild passions of the race to which he belonged found wonderful expression an expression of the South comparable to that which Rembrandt accomplished of the North What Rembrandt did for the Teutonic spirit Michelangelo did for the Latin To both these masters art was the articles of their living faith a faith to which they devoted their lives with almost impassioned self sacrifice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
