Descartes Et Ses Fables:

Descartes et ses fables Nicolas Grimaldi, 2006-10-02 Le propos de N Grimaldi est de montrer qu'il existe une imagination philosophique comme il existe une imagination romanesque Pour lui la philosophie de Descartes est le meilleur exemple pour examiner la part que l'imagination prend sur la raison Ce livre montre comment Descartes a construit sa doctrine en imaginant les effets que cette doctrine rendrait possibles Selon N Grimaldi la logique de Descartes ne fait qu'établir les conditions de possibilité pour que ce qu'il avait rêvé puisse devenir la réalité Un essai original une vision nouvelle sur un Descartes inconnu la reconstitution de la création d'une doctrine philosophique *The Universal Anthology* Richard Garnett, 1899 *The universal anthology, a collection of the best literature, with biographical and explanatory notes, ed. by R. Garnett, L. Vallée, A. Brandl. Imperial ed* Richard Garnett, 1899 **The International Library of Famous Literature** Richard Garnett, 1899 *The Logic of Idolatry in Seventeenth-century French Literature* Ellen McClure, 2020 Idolatry was one of the dominant and most contentious themes of early modern religious polemics This book argues that many of the best known literary and philosophical works of the French seventeenth century were deeply engaged and concerned with the theme In a series of case studies and close readings it shows that authors used the logic of idolatry to interrogate the fractured and fragile relationship between the divine and the human with particular attention to the increasingly fraught question of the legitimacy of human agency Reading d'Urf Descartes La Fontaine S vigne Molière and Racine through the lens of idolatry reveals heretofore hidden aspects of their work all while demonstrating the link between the emergent autonomy of literature and philosophy and the confessional conflicts that dominated the period In so doing Professor McClure illustrates how religion can become a source of interpretive complexity and how this dynamism can and should be taken into account in early modern French studies and beyond ELLEN MCCLURE is Associate Professor of History and French University of Illinois at Chicago **Consumable Metaphors** Ceri Crossley, 2005 This book studies the various definitions of animal nature proposed by nineteenth century currents of thought in France It is based on an examination of a number of key thinkers and writers some well known for example Michelet and Lamartine others largely forgotten for example Gleizes and Reynaud At the centre of the book lies the idea that knowledge of animals is often knowledge of something else that the primary referentiality is overlaid with additional levels of meaning In nineteenth century France thinking about animals their future and their past became a way of thinking about power relations in society for example about the status of women and the problem of the labouring classes This book analyses how animals as symbols externalize and mythologize human fears and wishes but it also demonstrates that animals have an existence in and for themselves and are not simply useful counters functioning within discourse **Fables** Jean de La Fontaine, 1872 Pensar la violencia, la justicia y la libertad Varios autores, 2012-01-01 En este volumen se recogen una serie de estudios reflexiones y propuestas prácticas en torno a las nociones de violencia justicia y libertad Sus responsables consideran que es urgente reflexionar sobre ellas pues nuestras

acciones nuestra respuesta o nuestra indiferencia ante la violencia o la injusticia dependen de lo que entendamos por un Estado justo o lo que signifique para nosotros ser libre Partiendo de diferentes tradiciones filosóficas y de autores que han abordado estas cuestiones a lo largo de la historia nos preguntamos qué relación hay actualmente entre la violencia la justicia y la libertad es la libertad sin límites necesariamente violenta Se puede luchar por la justicia con medios violentos sin caer en la injusticia Contribuye nuestra sociedad a la realización de un mundo más justo
