System-Kit S

This small kit contains those components mandatory for minor maintenance tasks and consists of all elements for 12- and 2-point mountings including all relevant fixation elements.

For medium maintenance jobs including exchange of friction discs this medium kit bases on the smaller kit S and does additionally include the frictions discs for clutch- and brake side as well as new straps with all relevant fixation elements.

System-Kit L

For a more extensive revision of the clutch/break combination we do recommend this large kit containing all wear parts of the Lutex® LKB. Based on the small and medium kit this largest system kit is enriched by seals, springs and all relevant fixation elements.
