Timothy A. van Aarde

Destination Jesus Cosmos:

Destination Jesus cosmos , Christ on Trial Klass Schilder, 2001-11 These superb works are without equal in modern literature Schilder brings the reader into touch with the spiritual and temporal forces which converged during the Passion Week He is careful to keep Christ central and he blends in a masterful way this culmination of our Lord's earthly life with historical facts and psychological realities Cyril Barber The Minister's Library Schilder was a noted Dutch scholar of the early twentieth century The three volumes of this work were translated by Henry Zylstra They first appeared in 1937 The three volumes cover three aspects of the suffering and death of the Lord Jesus Christ They are entitled Christ Crucified Christ in His Suffering and Christ On Trial In The Minister's Library Cyril Barber states Theologically accurate abounds in suggestive insights and provides exegetical illumination for a score of Easter sermons It is a classic treatment on the passion of Christ It deserves a place in every pastor's library The three volumes cover the night of His betrayal to His condemnation it is a learned accurate treatment That says a lot about this unique very important work It is simply indispensable to the understanding and feeling of the power of the passion of Christ To put it into the words of the Apostle Paul all should feel as he did Oh that I might be found in Him to know Him and the power of His resurrection and the fellowship of His sufferings having been conformed to His death if somehow I may attain to a resurrection out of the dead Philippians 3 9 11 Through the guidance and inspiration of God the Holy Spirit Schilder has captured the drama and the pathos of Christ's ordeal and yet also passes on to the reader the triumph and the exultation of Christ as He completes His voluntary submission to the Father's will Sacrifice and offering You did not desire but You prepared a body for Me You did not delight in burnt offering and sacrifices concerning sins Then I said Lo I come in the heading of the Book it was written concerning Me to do Your will O God Psalm 39 6 9 Heb 10 5 7 No child of God is completely mature until he or she has gone to Gethsemane and followed the trail of Christ as He approached the hour when He must endure unspeakable humiliation pain and the suffering of momentary loss of the Father's presence with Him It is no wonder that He sweat blood at the prospect for He was not ignorant of what He must go through in order to provide salvation for His sheep The Good Shepherd lays down His life for the sheep John 10 11 No one will better draw you down to the depths of this drama a scene which only one Person could have endured than Schilder You will not be the same after you have followed Christ through these stirring looks that Schilder gives you you will be a better Christian by far This is a Best Set in Print Schilder was a man of many gifts without any doubt Anyone who has read his writings even some of them will readily acknowledge that he possessed the ability to look at various theological questions in different ways and to express his ideas in sometimes eloquent ways which were often fresh and new 548 pages blue hard cover

Evolutionary History in Theological Perspective Mario Anthony Russo, 2024-06-10 Evolutionary History in Theological Perspective Exploring the Scientific Story of the Cosmos develops a new theological interpretation of evolutionary history Exploring both secular and theological interpretations of evolutionary history this new

interpretation hinges on the similarities between individual redemption and the eschatological story of cosmic redemption as mediated by the Holy Spirit throughout evolutionary history This new lens is then applied to relevant questions raised by the evolutionary process especially suffering and helps overcome the current shortcomings of contemporary interpretations of evolutionary history **St. Luke, Theologian of Redemptive History** Helmut Flender, 1967 **Heaven's New Universe** Robert L. Maxwell, 2025-04-30 The word heaven is used because that is where most of the book's actions and characters come from It is written using other gods from previous ancient authors and to govern fifty universes of this book It provides a timeline of the development of our universe before the big bang This is a science fiction story about universes and how God uses his souls that have gone to heaven to help him develop a new universe **Ascent into Heaven in Luke-Acts** David W. Pao, David K. Bryan, 2016-12-01 In comparison with other aspects of Jesus' life and ministry his ascent into heaven has often been overlooked within the history of the church However considering its placement at the end of the Gospel and the beginning of Acts the only narrative depictions of the event in the New Testament the importance of Jesus' ascent into heaven is undeniable for Luke's two volume work While select studies have focused on particular aspects of these accounts for Luke's story the importance of the ascension calls for renewed attention to the narratological and theological significance of these accounts within their historical and literary contexts In this volume leading scholars discuss the ascension narratives within the ancient contexts of biblical Second Temple Jewish and Greco-Roman literature the literary contours of Luke-Acts and questions of historical and theological significance in the wider milieu of New Testament theology and early Christian historiography The volume sets out new positions and directions for the next generations of interpreters regarding one of the most important and unique elements of the Lukan writings **The Bible, Christianity, and Culture** Pavol Bargár, 2023-05-01 This book originated in the Donatio Universitatis Carolinae award and research support that Professor Petr Pokorn received in 2017 It was envisioned designed and originally conducted as a project exploring the biblical roots of Christian culture Experts in various theological and philosophical disciplines both from the Czech Republic and abroad were to probe this topic from their particular perspectives The hoped for output was to be a coherent collective study of the proposed topic However due to the unexpected passing away of Prof Pokorn in early 2020 the project could not be executed according to the original plan Rather than a collective monograph therefore the present book is a collection of essays that investigate various aspects of the Bible and Christianity in their relation to culture as a broad human phenomenon The book is divided into two sections While the first section focuses on particular issues in the Bible the second addresses historical philosophical and cultural developments As Petr Pokorn was actively and importantly involved in the initial stages of the project two essays are written by him personally The whole book then is dedicated in his honor **The Missions and Missional Purpose of Ephesians** Timothy A. van Aarde, 2023-01-12 The purpose of the letter to the Ephesians is unknown The book suggests that the purpose of Ephesians is about missions and being missional The author of Ephesians committed the

task of missions to the church The author located the mission of the church in the redemptive plan of God The redemptive plan oikonomia of God consists of historical epochs of missions the mission of Israel the mission of Christ the mission of the disciples the mission of the apostles and the mission of the church The term missional has been used ambiguously The existence of a distinction between the mission of the church and missional church is demonstrated and both expressions of mission are grounded in the biblical text of Ephesians The mission of the church is grounded in an exposition of Eph 1 3 and the missional church is grounded in an exposition of Eph 4 6 The author of the letter intended for the mission to the nations to be continued by the church this is the mission of the church He intended for the members of the church to continue to reach out to their local community this is expressed by the missional church The mission of the church has been grounded in the Great Commission The missional church is grounded in the values morals and lifestyle principles set out in Eph 4 6

Woman and Cosmos Catherine R. O'Connor,1974 **The Dharma of Jesus** Francis X. D'Sa,1997 *Philosophia perennis* Wilhelm Schmidt-Biggemann,2007-11-08 The study features the five most important and most efficacious themes of Western spirituality in their ancient historical origins and in their unfolding up to early modernity Divine names Microkosmos Makrokosmos theories of creation the idea of spiritual spaces and the concepts of eschatological history *The Flaming Sword* ,1899 **Beyond Justification** Douglas A. Campbell,Jon DePue,2024-01-03 Paul proclaims in 90 percent of what he wrote that we have been set free resurrected and transformed through Christ at the behest of a loving God This gospel proclamation can be found wherever he speaks of being in Christ But this gospel and its account of salvation have been captured by another gospel which also lays claim to being Paul s account of salvation And this gospel is retributive conditional and ultimately damaging Justification theory as we call this false account lays claim to just under 10 percent of what Paul wrote The presence of both these gospels within Paul s interpretation causes numerous acute problems To name just a few they create an image of Paul as someone who is fundamentally confused frequently harsh and unavoidably anti Jewish If we reread Paul s justification texts however paying more attention to the original historical circumstances within which they were composed then they turn out to say something subtly but significantly different Paul s justification texts can be interpreted carefully faithfully and consistently in terms of his usual gospel our transformation in Christ Thus Justification theory is never activated Paul s true gospel is thereby liberated from its long captivity to a false alternative We can now see a kinder gentler and more consistent apostle **The Kingdom and the Power** Geiko Müller-Fahrenholz,2000 Here a former pupil surveys Jurgen Moltmann s work sketching out the personal ecumenical and political background against which his books have been written *The Messenger of the sacred heart of Jesus [afterw.] The Messenger* Apostleship of prayer,1884

Exploring Our Christian Faith W. T. Purkiser,1978 A Wesleyan Arminian study of doctrine for the serious student
The Beasts, the Graves, and the Ghosts Hann Tzuu Joey Tan,2020-05-31 At the heart of the gospel is the message of the incarnation God translating himself into the context of human culture and language so we might know him Far from coming

to an end with Christ's life on earth this process of contextualization is ongoing reoccurring every time the gospel encounters the particularities of society and culture In this book Hann Tzuu Tan explores the significance of contextualized preaching within the Chinese context Against the backdrop of three major festivals the Spring Festival the Qing Ming Festival and the Hungry Ghost Festival Tan examines the practices of six experienced Chinese preachers in order to demonstrate the theological and practical importance of contextualized preaching As a result of his research Tan suggests six main principles for contextual preaching principles that are rooted within a Chinese context yet applicable to anyone seeking to express the gospel's relevance within a particular cultural setting Combining insights from biblical studies applied theology and ethnography this interdisciplinary study will enrich one's understanding of Chinese culture the gospel and the important and necessary work of contextualization

Jesus and the Cosmos Denis Edwards, 2004-07-22 At the end of the twentieth century we began to understand that the earth is vulnerable that it is like a tiny garden in space under threat on all sides Jesus and the Cosmos is an attempt to think theologically about the ecological crisis we face in the light of the great Christian tradition Our theological tradition has been shaped within the worldview of a static universe By contrast we are told today that the universe began with a cosmic explosion called the Big Bang that we live in an expanding universe with galaxies rushing away from us at an enormous rate that we human beings are part of an evolutionary movement on the earth and that we are intimately linked with the health of delicately balanced life systems on our planet Not only has modern science given this age a new cosmology but contemporary historical studies have provided us with a new approach to the historical Jesus Critical biblical study has allowed us to know far more about the Jesus who brought joy and liberation into people's lives In Jesus and the Cosmos Denis Edwards tells the story of the cosmos the story of Jesus of Nazareth and shows their connections Ultimately he will assert Jesus of Nazareth risen from the dead IS the dynamic power at the heart of the cosmic process

Relational View of the Atonement David L. Wheeler, 1989 How might humanity experience ultimate reality as intimately related to us as liberating us individually and corporately from disorder and as empowering our personal self integration With this question in mind this work reexamines the images and concepts of Christian doctrinal tradition which under the rubric of the doctrine of the atonement have historically promoted this experience The extended constructive essay which concludes the book makes extensive and foundational though not uncritical use of Whiteheadian process relational thought to provide new ontological grounding to Christian images and concepts of atonement
