Destiny English Edition:

A Political and Social History of Modern Europe Carlton Joseph Huntley Hayes, 1916 Nouvelle Théologie and Sacramental Ontology Hans Boersma, 2009-05-08 In the decades leading up to the Second Vatican Council the movement of nouvelle th ologie caused great controversy in the Catholic Church and remains a subject of vigorous scholarly debate today In Nouvelle th ologie and Sacramental Ontology Hans Boersma argues that a return to mystery was the movement s deepest motivation Countering the modern intellectualism of the neo Thomist establishment the nouvelle theologians were convinced that a ressourcement of the Church Fathers and of medieval theology would point the way to a sacramental reintegration of nature and the supernatural In the context of the loss suffered by both Catholics and Protestants in the de sacramentalizing of modernity Boersma shows how the sacramental ontology of nouvelle th ologie offers a solid entry point into ecumenical dialogue The volume begins by setting the historical context for nouvelle th ologie with discussions of the influence of significant theologians and philosophers like M hler Blondel Mar chal and Rousselot The exposition then moves to the writings of key thinkers of the ressourcement movement including de Lubac Bouillard Balthasar Chenu Dani lou Charlier and Congar Boersma analyses the most characteristic elements of the movement its reintegration of nature and the supernatural its reintroduction of the spiritual interpretation of Scripture its approach to Tradition as organically developing in history and its communion ecclesiology that regarded the Church as sacrament of Christ In each of these areas Boersma demonstrates how the nouvelle theologians advocated a return to mystery by means of a sacramental ontology Are There People Without a Self? Ermuth Johannes Grosse, 2021-10-28 That in our times a kind of supernumerary person is appearing who is egoless who in reality is not a human being is a terrible truth Rudolf Steiner Are there people on earth today who do not have a self a human ego or I The phenomenon of egolessness the absence of a human being s core was discussed by the spiritual teacher Rudolf Steiner in lectures and personal conversations An egoless individual he intimated is an empty sheath through which other spiritual entities could operate Erdmuth J Grosse brings together many little known quotations from Rudolf Steiner s spiritual research and supports them with a wealth of disquieting reports testimonies and examples from literature and politics He places these insights within the broader context of the riddle of the human self throwing light on the spiritual development of the individual and humanity as a whole In this thought provoking study Grosse goes on to discuss the role of comets the effects of cyanide on the human constitution especially in the light of the Holocaust and the hidden effects of ceremonial magic occult lodges cults and sects In conclusion he offers positive solutions to humanity s present predicament by describing the healing impulses of social threefolding the invisible spiritual beings seeking to help humanity the role of the gods the Christ impulse and the true goals of human evolution **The National Union Catalog, Pre-1956 Imprints** ,1974 **The Best American Short Stories ... and the Yearbook of the American Short Story** ,1929 **The Generalissimo** Jay Taylor, 2011-04-30 One of the most momentous stories of the last century is China s rise from a self
