Clinical Simulations for the Advanced Practice Nurse Celeste M. Alfes, Elizabeth Zimmermann, 2020-03-19. Provides high quality comprehensive simulation scenarios for APRNs. This invaluable resource is the first simulation guide designed specifically to support the training and evaluation of advanced practice nursing students, novice nurse practitioners, and advanced practice nurses transitioning to new fields. This book provides a method and foundation to transform graduate nursing education to competency-based clinical evaluation, empowering programs with standardized templates and interprofessional education options for each scenario to advance graduate simulation education and research. This comprehensive guide delivers more than 50 comprehensive simulation scenarios written by experienced APRNs, faculty, and simulation specialists. Scenarios are arranged by APRN specialty with applications for students, faculty, standardized patients, staff development, and simulation staff who prepare the advanced practice nurse and their interprofessional team for clinical practice. Not only is this text easy for faculty to use and implement, it also includes several levels of application and offers strategies for adapting scenarios to an interprofessional setting. Each simulation is structured into a consistent template for ease of use, which includes a description, objectives, equipment needed, pre-briefing, debriefing, and interprofessional considerations. Additionally, each scenario includes a one-page download designed for the Simulation Team, focusing on what happens in a particular scenario. These comprehensive simulations encompass a wide variety of physical health and mental health scenarios across the lifespan, as well as telehealth, critical care, transport, and retail scenarios. Three detailed sections dedicated to APRN students, faculty, and simulation staff provide timely topics and sound advice from recent graduates, faculty experts, and leaders in the simulation field. The section for students provides anticipatory guidance for novice practitioners on how best to prepare for formative and summative evaluations, standardized patient/patient interactions, high stakes simulation, testing, and interprofessional experiences. The section for faculty provides practical information on how to design engaging simulation experiences for the APRN and suggestions on mapping the various modes of simulation experiences to various levels and competencies. A detailed section directed to the simulations team covers operations and management of the environment, personnel, equipment, and resources. **Key Features** Provides 10 Objective Structured Clinical Examination (OSCE)
