Harp, 2025-08-12 INSTANT NEW YORK TIMES BESTSELLER One of The New Yorker's Best Books of 2025 Probably the most gripping memorable eye opening book I've read in months David Wallace Wells The New York Times Propulsive The Washington Post Engrossing Truly shocking The New Republic The Fort Bragg Cartel opens like a nonfiction thriller and never lets up A page turning investigation into the dark side of our forever wars Steve Coll Pulitzer Prize winning author of Ghost Wars and Directorate S A groundbreaking investigation into a string of unsolved murders at America's premier special operations base and what the crimes reveal about drug trafficking and impunity among elite soldiers in today's military In December 2020 a deer hunter discovered two dead bodies that had been riddled with bullets and dumped in a forested corner of Fort Bragg North Carolina One of the dead men Master Sergeant William Billy Lavigne was a member of Delta Force the most secretive black ops unit in the military A deeply traumatized veteran of America's classified assassination program Lavigne had done more than a dozen deployments in his lengthy career was addicted to crack cocaine dealt drugs on base and had committed a series of violent crimes before he was mysteriously killed The other victim Chief Warrant Officer Timothy Dumas was a quartermaster attached to the Special Forces who used his proximity to clandestine missions to steal guns and traffic drugs into the United States from abroad and had written a blackmail letter threatening to expose criminality in the special operations task force in Afghanistan As soon as Seth Harp an Iraq war veteran and investigative reporter begins looking into the double murder he learns that there have been many more unexplained deaths at Fort Bragg recently other murders connected to drug trafficking in elite units and dozens of fatal overdoses Drawing on declassified documents trial transcripts police records and hundreds of interviews Harp tells a scathing story of narco trafficking in the Special Forces drug conspiracies abetted by corrupt police blatant military cover ups American complicity in the Afghan heroin trade and the pernicious consequences of continuous war

Henning A. Frantzen, 2004-12-17 This new book addresses the key question of how NATO and three of its member states are configuring their policies and military doctrines in order to handle the new strategic environment This environment is increasingly dominated by new wars more precisely civil wars within states and peacekeeping as the strategy devised by outside actors for dealing with them The book seeks to explain how this new strategic environment has been interpreted and how the new conflicts and peacekeeping have been fitted into defence and war key concepts in the field of security studies
