The Education Triple Cocktail Brahm Fleisch, 2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like South Africa At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model Inspired by the AIDS treatment story the three pronged approach of structured daily lesson plans appropriate and high quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes For education systems defined by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents *Annual Report South Africa. Department of Basic Education, 2016*

An Evaluation of the Capacity of South African Schools to offer Multi-grade Teaching Dr Segwadi Joseph Kokela, Dr KS Malatji, 2023-08-24 Small schools due to a variety of reasons are compelled to opt for multi grade teaching in which learners of more than one grade are taught in one class Resultantly the purpose of this study was to evaluate the capacity of South African schools in the implementation of multi grade teaching The study followed a qualitative approach to evaluate the implementation of multi grade teaching A case study research design was followed with an interpretive paradigm to evaluate day to day offering of multi grade teaching The population in this study consisted of principals and teachers who were selected through purposive sampling Data were collected through focus group and face to face semi structured interviews as well as document analysis Kolb's experiential learning theory was used as a theoretical framework for this study to evaluate the offering of multi grade teaching in case study schools The thematic approach was used to analyse data To ensure issues of ethical consideration the researcher ensured that there is anonymity confidentiality informed consent voluntary participation participants privacy and safety The study found that schools in Sekhukhune South Education District could not offer multi grade teaching This was mainly based on the lack of central policies on multi grade teaching as well as inappropriate teacher development programmes Insufficient human and financial resources were also identified as key hindrances in the implementation of multi grade teaching Resultantly the study suggested that the serving teachers their SMTs and their Curriculum Advisors must be provided with in service training on multi grade teaching On the other hand teacher training universities should have a compulsory module on multi grade teaching The study also recommended the establishment of a DoBE unit that solely focuses on matters related to multi grade teaching The study further recommended that the DoBE should develop central policies on multi grade teaching It was also recommended that the DoBE's Post Provision Model and the National Norms and Standards for School Funding must be revised to cater for the needs of multi grade schools The study further proposed a new framework to engender collaboration amongst principals

parents and Curriculum Advisors in school based multi grade policy formulation advocacy training as well as monitoring and support

EBOOK: Experiencing Intercultural Communication: An Introduction Judith Martin, Thomas Nakayama, G.P. van Rhee van Oudtshoorn, Paul Schutte, 2013-07-16 The new Southern African edition of this popular introductory textbook offers students a practical and accessible framework for developing their intercultural communication skills It provides a global perspective on intercultural communication while allowing students to contextualise their knowledge with relevant examples applications and perspectives Recognising that students in Southern African come from diverse cultural ethnic and linguistic backgrounds it provides discussion of issues and perspectives they can apply to everyday life and to broader contexts

Perspectives on Multigrade Teaching Linley Cornish, Matshidiso Joyce Taole, 2021-10-25 This book contains the results of research projects carried out in relation to multigrade teaching in Australia and South Africa Research in multigrade contexts is not commonly reported and rarely in book form The research results have implications for multigrade teachers government education personnel and university teacher educators The book also contains chapters with practical advice for multigrade teachers including examples of multigrade teaching used in an Australian seven grade class kindergarten to grade 6 Other chapters contain suggestions for practical strategies a multigrade teacher can use to reduce the workload involved in planning for multiple grades Very little is published in the area of multigrade teaching yet the number of multigrade schools worldwide is huge Developed countries still have a significant proportion of multigrade schools commonly one fifth to one third of all primary schools or classes Despite decades of centralisation of schools and expansion of transport networks the number of these schools remains high mostly in rural areas Developing countries established multigrade schools in rural areas in order to achieve the UN Millennium Development Goal of Universal Primary Education Yet specific training to teach a multigrade class remains virtually non existent in initial teacher education programs worldwide The value of this book is thus to report specific research carried out in multigrade contexts but also to provide practical help for multigrade teachers This help is needed as the teachers strive to achieve the UN Sustainable Development Goal of a quality education through helping their students develop the skills and behaviours required for 21st century learning

Radical Solutions for Education in Africa Daniel Burgos, Jako Olivier, 2021-08-02 This book explores the state of open education in terms of self directed learning on the African continent Through a combination of conceptual systematic literature review and empirical chapters readers will get a research based impression of these aspects in this area Apart from presenting existing wider trends regarding open education this book also reports on effective open practices in support of self directed learning

Self-directed learning research and its impact on educational practice Elsa Mentz, Roxanne Bailey, 2021-05-17 This scholarly book is the third volume in an NWU book series on self directed learning and is devoted to self directed learning research and its impact on educational practice The importance of self directed learning for learners in the 21st century to equip themselves with the necessary skills to take responsibility for their own learning for life cannot be

over emphasised The target audience does not only consist of scholars in the field of self directed learning in Higher Education and the Schooling sector but includes all scholars in the field of teaching and learning in all education and training sectors The book contributes to the discourse on creating dispositions towards self directed learning among all learners and adds to the latest body of scholarship in terms of self directed learning Although from different perspectives all chapters in the book are closely linked together around self directed learning as a central theme following on the work done in Volume 1 of this series Self Directed Learning for the 21st Century Implications for Higher Education to form a rich knowledge bank of work on self directed learning

Handbook of Research on Electronic Collaboration and Organizational Synergy Salmons, Janet, Wilson, Lynn, 2008-11-30 Offers exhaustive research on collaborations in education business and the government and social sectors

Schooling for Sustainable Development in Africa Heila Lotz-Sisitka, Overson Shumba, Justin Lupele, Di Wilmot, 2016-11-11 This book considers the scope and dynamics of Education for Sustainable Development ESD and learning in schools in Africa It explores the conditions and processes that support such learning and examines how ESD in schooling can improve the quality and relevance of education The quality of education has been defined internationally as a key concern for educational institutions around the world including schools in Africa The models of quality are often limited to performance based approaches and or inclusive approaches The contributions in this book show that there is more to a discussion on educational quality in Africa than performance success and or inclusion The chapters explain how ESD brings a new relevance to education in Africa and at the same time sounds the beginning of a new concept of quality education The volume presents a collection of experiences in creating and supporting quality learning processes through a variety of ESD practices
