Analyzing Christmas in Film Lauren Rosewarne,2017-12-06 Film plays a vital role in the celebration of Christmas For decades it has taught audiences about what the celebration of the season looks like from the decorations to the costumes and to the expected snowy weather as well as mirrors our own festivities back to us Films like *It's a Wonderful Life* and *Home Alone* have come to play key roles in real life domestic celebrations watching such titles has become for many families every bit as important as tree trimming and leaving cookies out for Santa These films have exported the American take on the holiday far and wide and helped us conjure an image of the perfect holiday Rather than settling the what is a Christmas film debate indeed *Die Hard* and *Lethal Weapon* are discussed within *Analyzing Christmas in Film* Santa to the Supernatural focuses on the how Christmas is presented on the deluge of occasions when it appears While most Christmas films are secular religion makes many cameos appearing through Nativity references storylines involving spiritual rebirth the framing of Santa as a Christ like figure and the all importance of family be it the Holy family or just those gathered around the dining table Also explored are popular narratives involving battles with stress and melancholy single parents and Christmas martyrs visits from ghosts and angels big cities and small towns break ups and make ups and the ticking clock of mortality Nearly 1000 films are analyzed in this volume to determine what the portrayal of Christmas reveals about culture society and faith as well as sex roles consumerism aesthetics and aspiration

Flory,2000 The Marian miracle tale of thirteenth century Spain and France is an unusual thematic genre comprising tales songs poems plays and sermons dedicated to miraculous occurrences attributed to the Virgin Mary While there are scholarly articles on particular aspects of this large and important body of literature there has been no attempt to bring its principal authors together into a single scholarly study Bringing five well known thirteenth century authors together Gonzalo de Berceo Gautier de Coinci Cardinal Jacques de Vitry Rutebeuf and King Alfonso X of Spain the book shows how each used the Marian collections for individual purposes Mary is portrayed in a variety of manifestations as Mediatrix Monitrix Mater Dei National Patroness and even as something close to the troubadour s desired or unattainable Lady Berceo was a secular priest who found an older collection of tales useful as an instructive tool Gautier an aristocratic monk of intellectual refinement had a nearly exclusively artistic interest in his Marian materials while Cardinal Jacques de Vitry an eminent churchman and eloquent reformer sought with his carefully chosen tales to bring Marianism into the fold of doctrinal orthodoxy Rutebeuf a minstrel accepted the tales as popular piety and returned them to his audience in a spirit of reproach to the sometimes heavy handed didactic use made of the material by churchmen with vested interests Finally the personal voice and directing presence of Spain s King Alfonso X makes of his famous Marian collection the *Cantigas de Santa Maria* a part of his social and religious program for Spain Additionally a reflection upon the formalistcriticism of Bakhtin and Todorov suggests new possibilities for seeing within some Marian tales of the period a subtle tool for the subverting of perceived Church excesses *Terry's Guide to Mexico* Thomas Philip Terry,1927 St. Nicholas Mary Mapes Dodge,1893 *St. Nicholas* ,1893
