one girl will lie in the other's hands Will the two learn to trust one another and trust God      *"Tell Me a Little Bit About Yourself"* Travis Hanson, 2012-01-13 During one of his many failed job interviews Travis Hanson panics after the employer asks him Tell me a little bit about yourself and ends up answering the question by telling his entire life story From being kidnapped at age three through being abused on different occasions through being homeless for a year through incessant social awkwardness to learning how to deal with it all without the aid of any therapy drugs or alcohol He reveals every significant event both good and bad that has made him who he is today and is shockingly open and honest about telling all of this to a complete stranger Life is full of ups and downs that's just life And whether we view them as positive or negative events happen in our lives only when we are ready for them to happen and not a second sooner It's not all about what happens to us it's about how we react to those events that matters the most      **Wide Awake Boxset** Shelly Crane, The New York Times Bestselling Wide Awake Series Boxset Books One Three Wide Awake Can be read as a stand alone When Emma Walker wakes up in the hospital with no knowledge of how she got there she learns that she's been in a coma for six months Strangers show up and claim to be her parents but she can't remember them She can't remember anyone Not her friends not even her boyfriend Even though she can't remember everyone wants her to just pick up where she left off but what she learns about the old her makes her start to wish she'd never woken up Wide Spaces When Emma and Mason found each other they knew that life had given them a second chance But can one night one second one misunderstanding change everything Wide Open Can be read as a stand alone Milo is trouble He lives it breathes it He embraces anything that numbs and takes his mind somewhere else a world where his mother is herself and not just a shell and his brother didn't almost kill her severing any relationship they had But more importantly Milo drowns out the guilt for leaving his mother and not being able to forgive his brother Maya is trouble She's done the party scene and has had her fair share of close calls and handcuffs Not the kinky kind She has no one but her brother in the whole world left and he's sick with a disease that no medicine can cure When they meet a romance that scares them both emerges but the love you fight for is the love that can mend bridges heal scars and open closed hearts They'll need each other they'll want each other they'll have each other But will it all come too late      Race & Class on Campus Jay Rochlin, 1997 Racism Is it alive and well and living on college campuses across the United States Is it a factor in high dropout rates and other crises affecting minority college students and if so how Are controversial programs of affirmative action proving to be a solution or are they part of the problem Here are some insights into the hot issues sparking debate over equal opportunity and American education In these pages through the use of a fictional character author Jay Rochlin presents more than forty very real African American and Mexican American men and women who struggled to earn degrees at a large nationally recognized university in the west Their goals their gains and their disappointments echo the experiences of millions of others around the country during much of the twentieth century Perhaps most important their true stories will provide inspiration to the many young people who wonder whether pursuing the dream

of a college education is possible for them Readers will warm to the words of Carlos V ez Ib ez learning as a toddler from his father that the university represented toda la sabidur a del mundo all the wisdom in the world Their hearts will go out to young Laura Banks barred as a black woman from a whites only pool and the swimming class required for her degree in physical education In the face of open hostility and closed doors these students and many others persevered When they were shunned by Anglo social clubs they created their own When they were assigned back of the room seating because of discrimination they rose above it And when their ultimate goal graduation was threatened by racism they fought it Looking back many in the book remember coming from poor families who nonetheless considered themselves middle class and as such simply expected their children to go to college This family support bolstered by the students own drive ambition and sense of responsibility seemed to be pivotal to their success Thus the book comes out strongly on the side of critical race theorists who emphasize individual effort as a means of combating racism and personal narratives as a way of analyzing the complex issue These pages are filled with the voices of everyday men and women Their language is straightforward and from the heart Their message is timely in the midst of current debates over race class and affirmative action And their words for American education and for the country as a whole carry force and meaning guaranteed to reach far into the future

friend slipping away Now he spends nearly every night sitting awake in his room waiting for the sound of her key in the lock  
It s a sound he hasn t heard in nearly a week ever since her and Mom s worst fight ever So when Claire finally calls and tells  
Morgan she wants to spend the day together just the two of them he knows this might be his only chance not just to convince  
her to come home but to remind her how good things used to be and could be again But Claire has her own plan for the day
