You'll need to be pretty good at JavaScript and have a working knowledge of HTML and CSS but other than that you're good to go. The Granite Cutters' Journal, 1909

Backbone.js Patterns and Best Practices Swarnendu De, 2014-01-24 This is a step by step guide to design patterns, best practices and solutions to common problems for Backbone.js based application development. This book is for JavaScript developers who work with Backbone.js and want to learn the best design patterns to develop complex web applications. Basic knowledge of Backbone.js and JavaScript is essential. **Node.js Blueprints** Krasimir Tsonev, 2014-06-16 A straightforward practical guide containing step by step tutorials that will push your Node.js programming skills to the next level. If you are a web developer with experience in writing client side JavaScript and want to discover the fascinating world of Node.js to develop fast and efficient web and desktop applications then this book is for you. **Beginning Backbone.js** James Sugrue, 2014-01-23 Beginning Backbone.js is your step by step guide to learning and using the Backbone.js library in your web projects. Backbone.js is one of the most popular JavaScript libraries among web developers used to create modular single page web apps. This book takes you from downloading Backbone.js and its dependencies all the way to using more advanced libraries to structure your application architecture and everything in between. With a real world practical approach you will learn how you can integrate Backbone.js into the center of your JavaScript stack and create scalable applications. James Sugrue shows you how to implement all aspects of templating work efficiently with RequireJS and fully understand Grunt and all its plug-ins. Armed with this knowledge you'll be able to architect a continuous integration system that is key to real world applications. With the explosion of JavaScript based applications on the web the need for more structured approaches to code management is more important than ever. Backbone.js helps create applications that separate models from views enabling developers to avoid spaghetti code. Beginning Backbone.js will gently guide you into this amazingly powerful library and help you ramp up to building professional applications. Integrate Backbone.js into your work today with this indispensable book.

*Developing Backbone.js Applications* Addy Osmani, 2013-05-10 If you want to build your site's frontend with the single page application (SPA) model, this hands-on book shows you how to get the job done with Backbone.js. You'll learn how to create structured JavaScript applications using Backbone's own flavor of model-view-controller (MVC) architecture. Start with the basics of MVC, SPA and Backbone then get your hands dirty building sample applications: a simple Todo list app, a RESTful book library app and a modular app with Backbone and RequireJS. Author Addy Osmani, an engineer for Google's Chrome team, also demonstrates advanced uses of the framework. Learn how Backbone.js brings MVC benefits to the client side. Write code that can be easily read, structured and extended. Work with the Backbone Marionette and Thorax extension frameworks. Solve common problems you'll encounter when using Backbone.js. Organize your code into modules with AMD and RequireJS. Paginate data for your Collections with the Backbone Paginator plugin. Bootstrap a new Backbone.js application with

boilerplate code Use Backbone with jQuery Mobile and resolve routing problems between the two Unit test your Backbone apps with Jasmine QUnit and SinonJS      **Backbone.js Essentials** Jeremy Walker, 2015-05-29 If you are a developer with baseline JavaScript proficiency and are familiar with the jQuery library then this book is ideal for you Whether you've tried building complex web applications before and been frustrated by the challenge of doing so without the proper tools or whether you've only built simple websites and are now looking to create full featured web applications this book has everything you need to get ahead of the curve
