Contentieux Actes Administratifs Non Décisaires:

Le contentieux des actes administratifs non décisaires Wojciech Zagorski, 2016-01-07 Tous les juristes connaissent la distinction entre les décisions administratives et les actes administratifs non décisaires Cette distinction d'origine en principe la recevabilité du recours contentieux elle a fait l'objet de nombreux travaux Les distinctions entre les actes non décisaires restent en revanche très largement moins connues Or la prise en compte des actes non décisaires par les instances juridictionnelles aussi bien administratives que judiciaires incite repenser la place reconnue ces actes la fois dans la pratique et dans la théorie du droit En effet certains de ces actes comme les recommandations de bonnes pratiques médicales peuvent faire l'objet d'un recours pour excès de pouvoir et sont pleinement invocables devant le juge Les autres comme les vœux ou les circulaires chappent le plus souvent toute contestation et ne peuvent pas être utilement invoqués en justice D'autres enfin comme les actes préparatoires ou les lignes directrices sont soumis à un régime juridique intermédiaire insusceptibles de faire l'objet d'une contestation directe ces actes font l'objet d'une exception d'illégalité et les justiciables peuvent s'en prévaloir l'appui de leurs prétentions Comment expliquer ces différences En tentant de répondre cette question l'auteur constate que l'héritage actuel du droit souple n'est pas toujours justifié D'ailleurs il y a une simplification possible qui consisterait soumettre les actes non décisaires à un régime juridique plus homogène et permettrait de leur réserver un traitement juridictionnel plus uniforme Cette simplification n'est pourtant envisageable que si l'on franchit au préalable les barrières théoriques séparant le droit souple du droit dur En s'appuyant sur les acquis de la philosophie générale du langage l'auteur propose donc une systématisation des connaissances en intégrant les actes non décisaires dans la famille des actes unilatéraux traditionnellement considérés comme contraignants La simplification de la pratique jurisprudentielle passe donc par une sorte d'unification théorique Tels sont les principaux objectifs de la présente thèse
